ADVANTEK, INC. PHIL. BRANCH

Lot C3-12 Carmelray Industrial Park 2
SEZ, Brgy. Punta, Calamba City
Tel: (63-49) 545-6350
Fax: (63-49) 545-6934
Website: www.advantek.com
Ownership: American
Established: 2002

Description of Operation/Process: Manufacturing, processing and export of carrier tapes product line for the electronics industry, warehousing of imported carrier tapes, locally manufactured carrier tapes and complementary products

Specific Products: Components/ Devices (Semiconductors): Carrier Tapes (Packaging System)
Services Offered: Packaging System

ALLEGRO MICROSYSTEMS PHILIPPINES, INC.

4756 Sampaguita Street, Marimar Village, Brgy. Sunvalley
Parañaque City 1700 Philippines
Tel: (632) 823-5000
Fax: (632) 823-3582
Website: www.allegromicro.com
Ownership: American
Established: 1975

Description on Operation/Process: Allegro provides innovation system-level solutions in the design and manufacture of advanced mixed-signal hall-effect sensor and analog power ICs serving high-growth applications worldwide within the Automotive Electronics, Office Automation, Industrial and Portable Electronics markets.

Specific Products: Assembly & Test - Hall - Effect Sensor IC's; Motor Driver IC's; Power Conversion Devices; Power Interface IC's; Power Management IC's.

Product design features: - High-current outputs; Very wide operating temperature range; Reversed power supply and transient protection; Outputs short-circuit safety functions; Mixed-signal processing capabilities allow precision analog circuitry to be used in harsh operating conditions; With emphasis on application-specific, market-driven products with high technology content.

These include bipolar, CMOS, and DMOS technologies, as well as merged technologies such as BiCMOS (bipolar + silicon-gate CMOS), BCD (bipolar + CMOS + DMOS), and DABIC (digital + analog + BiCMOS). The company can and does combine any two or all three of its product disciplines into a single monolithic chip to deliver powerful system-level solutions. These solutions are sold under Allegro's trademark "ABCD5" (Allegro's BiCMOS, CMOS and DMOS).

Allegro's sensors are based on Hall-effect technology, which allows contact-less sensing, (devoid of mechanical wear) of either an external magnet or a ferrous object. Specifically, Hall-effect sensors are used for contactless switching, position sensing, speed sensing, linear sensing and gear-tooth sensing.

Driver and controller ICs are produced by Allegro for fractional horsepower dc, stepper and brushless dc motors in the industrial and automotive markets. BCD technology gives Allegro an advantage in higher power applications and allows expansion in existing markets and associated applications such as large tape drives, automotive blowers, power steering motors, and factory automation.

Power Interface ICs are used in industrial and automotive applications such as relays and solenoids, and LED and VF displays. Display drivers include those used in automotive, medical, scales and signs.

Certification(s): ISO 14001, OHSAS 18001, TS 16949, ISO 9000

AMERICAN POWER CONVERSION CORP. B.V. PHILIPPINES BRANCH BY SCHNEIDER ELECTRIC

Lot 1, Block 5, Phase 2, Economic Zone, PEZA, Rosario, Cavite 4106
Tel: (63-46) 437-7272
Fax: (63-46) 437-2956
Website: www.apcc.com
Ownership: French
Established: 1996

Description of Operation/Process: American Power Conversion (APC) is the IT Business of Schneider Electric, a global company of 120,000 employees present in more than 100 countries.

American Power Conversion provides protection against many of the primary causes of data loss, hardware damage and downtime. Founded in 1981, APC is a leading provider of global, end-to-end AC and DC-based back-up power products and services, which include surge suppressors, uninterruptible power supplies (UPS), power conditioning equipment, power management software, and DC power systems as well as precision cooling equipment, and professional and consulting services for Nonstop Networking™. APC, known for Legendary Reliability™, sets the standard for quality, innovation and support for power protection solutions from desktop systems to data center operations to entire facilities. Its comprehensive solutions, which are designed for both home and corporate environments, improve the manageability, availability and performance of sensitive electronic, network, communication and industrial equipment of all sizes.

Specific Products: APC is a leading provider of global, end-to-end AC and DC-based back-up power products and services, which include surge suppressors, uninterruptible power supplies (UPS), power conditioning equipment, power management software, and DC power systems as well as precision cooling equipment, and professional and consulting services for Nonstop Networking™.

AMERTRON INCORPORATED PHILIPPINES

2430 Maloma Street, Clark Special Economic Zone Clarkfield, Pampanga
Tel: (63-45) 599-3253 (Clark)
Fax: (63-45) 599-3254 (Clark)
Website: www.inari-amertron.com
Co. Email: info@inari-amertron.com.ph
Ownership: Malaysian
Established: November 1988

Description of Operation/Process: Amertron Incorporated Philippines as member of the Inari Amertron Berhad Group is a leading provider of tailored EMS contract manufacturing services to the electronics and semiconductor industries currently specializing in the field of optoelectronics and LED display technologies. Optoelectronics are electrical-to-optical or optical-to-electrical devices which source, direct or control light. These devices are used in instruments for fiber optic communications, laser systems, electric eyes, remote sensor systems, medical diagnostic systems and optical information systems. Amertron also produces LED display products and has customized IC packaging, SMT and advanced semiconductor and optical components as well as module assembly operations. Specific products include fiber optic transceiver modules, parallel optics, TOSA/ROSA, MOST, LED high-power lighting devices for the leaders in the optoelectronics industry and high-reliability packaging for the military and aerospace industries.

Specific Products: Fiber optic transceiver modules, Parallel Optics, PoF, TOSA/ROSA; MOST-150, LED High Power Lighting products

Services Offered: Assembly of Semiconductor Packages: Test (singulated test, probe, burn-in, Strip test, Tape and Reel, Dropshipment) High Parallelism MLF, FilFrame Testing: Test Solutions and Hardware and Software Development

Certification(s): ISO 14001, ISO 9001: 2015, TS16949

AMKOR TECHNOLOGY PHILIPPINES4, INC.

Km. 22, East Service Road, South Superhighway, Bo. Cupang, Muntinlupa City 1771
Tel: (632) 850-7000
Fax: (632) 850-0737
Website: www.amkor.com
Ownership: American
Established: 1989

Description of Operation/Process: Amkor is one of the largest providers of contract semiconductor assembly & test services

Specific Products: Micro Leadframe, Flip Chip, System-in-Package, Cavity MEMs, Ball Grid Arrays (BGA), TQFP, MQFP, TSSOP, SSOP, SOIC, PDIP, PLCC, PSOP, MSOP, SOJ, SOT, Die Sales, Hermetics Packages, Power QFN, Stacked CSP, Touch Chip & Area Sensors

Services Offered: Assembly of Semiconductor Packages; Test (singulated test, probe, burn-in, Strip test, Tape and Reel, Dropshipment) High Parallelism MLF FilmFrame Testing; Test Solutions and Hardware and Software Development.

Certification(s): OHSAS-18001, ISO-14001, ISO9001, IATF16949, DSCC Lab Suitability, DSCC/QML MIL-PRF-38535

AMPLEON PHILIPPINES, INC.

Philips Ave. Light Industry & Science Park I, Diezmo Cabuyao, Laguna
Tel: (632) 844 5139
Website: www.ampleon.com
Co. Email: riza.e.mendoza@ampleon.com
Ownership: Dutch
Established: 2015

Description of Operation/Process: Created in 2015, Ampleon is shaped by 50 years of RF power leadership. Recently being spun-off from NXP Semiconductors, the company is set-out to exploit the full potential of data and energy transfer in RF. Ampleon has more than 1,250 employees worldwide, dedicated to creating optimal value for customers. Its innovative, yet consistent portfolio offers products and solutions for a wide range of applications, such as cellular base stations, radio/TV/broadcasting, radar, air traffic control, cooking, lighting, industrial lasers and medical.

Specific Products: Components/Devices (Semiconductors), Telecommunications, Communications/Radar, Medical/Industrial Instrumentation

Certification(s): SEC, DOLE, BIR

AMS ASIA, INC.

Ownership: Austrian
Established: 2005

Description of Operation/Process: Final Test, Post Bump Sort, Wafer Saw, Wafer Level Packaging and Tape and Reel

Specific Products: Testing of Application Specific Integrated Circuits, Mixed Signal Integrated Circuits (Components/ Devices), Sensor Interfaces (Medical Industrial Instrumentation)

Certification(s): IATF16949:2016; ISO 14001

ANALOG DEVICES PHILIPPINES, INC.

Gateway Business Park, Javalera, Gen. Trias, Cavite
Tel: (632) 867-7030

Fax: (632) 740-8914

Website: www.analog.com

Ownership: American

Established: 1982

Description of Operation/Process: Analog Devices (ADI) is a world leader in the design, manufacture, and marketing of a broad portfolio of high performance analog, mixed-signal and digital signal processing (DSP) integrated circuits (ICs) used in virtually all types of electronic equipment. Used by over 60,000 customers worldwide, our signal processing products play a fundamental role in converting, conditioning, and processing real-world phenomena such as temperature, pressure, sound, light, speed, and motion into electrical signals to be used in a wide array of electronic devices. Analog Devices Philippines is ADI's Test Manufacturing Hub and Engineering Center for Test Development, Design, Applications, Product Engineering, Product Analysis and Reliability.

Specific Products: ADI Philippines is the test manufacturing hub for highly complex analog products, the assembly hub for high rel and aerospace products, and the center for test engineering excellence. We currently produce a wide range of innovative products - including data converters, amplifiers and linear products, radio frequency (RF) ICs, power management products, sensors based on microelectromechanical systems (MEMS) technology and other sensors, and processing products, including DSP and other processors - that are designed to meet the needs of our broad base of customers.

Certification(s): ISO 14001; ISO9001; ISO/TS 16949; OHSAS 18001; LEED; 2013 PMAP Employer of the Year

ARTESYN EMBEDDED TECHNOLOGIES PHILIPPINES INC.

(Formerly: ASTEC INTERNATIONAL LTD.)

3rd & 4th Floor, Techno Plaza One Building, 18 Orchard Road, Eastwood City Cyberpark, Bagumbayan (Libis), Quezon City

Tel: (632) 995-4000

Fax: (632) 995-4001/4003

Ownership: Hongkong

Established: 2003

Website: www.artesyn.com

Description of Operation/Process: Emerson Design Engineering Center is a research, design and development facility with integrated functions to support full development of Power Supplies and allied products. Main flow of operations starts from RFQ, to design conceptualization to engineering design and development, to testing, verification and compliance, up to turn over to manufacturing.

The whole process mainly involves Business Management, Program Management, and Design/Engineering Management. Supporting activities include Technical Costing, Materials Management, Component Qualification and Documentation Control.

Specific Products: Electronic power conversion products, AC/DC power supplies and DC/DC converters supplies, Inverters, Motor Controllers

Services Offered: Renders Research & Design, Embedded Computing and Business Process outsourcing activities for affiliates

Certification(s): ISO 9001: 2001 Quality Management System and ISO14001: 2004 Environmental Management System

ASURION TCP

Lot C3-10 Brgy. Punta CIP II Special Economic Zone , Calamba Laguna Lot C3-10, CIP 2, SEZ, Brgy. Punta, Calamba, Laguna

Tel: (63-49) 502-8888

Fax: (63-49) 502-9577

Website: www.asurion.com

Ownership: American

Established: 2009

Description of Operation/Process: Asurion-TCP provides manufacture , remanufacture , reclaim , repair, test , assembly and export of various telecommunications equipment, products ,devices and related accessories & has a fully integrated insurance program that manages the end-to-end customer experience, provides premier support that enables users to fully utilize their digital devices and products; application to protect privacy and provide security; and rapid replacement of lost , stolen , damaged or malfunctioning devices. Asurion-TCP also begin providing business reprocessing outsourcing activities to Asurion's customer care functions. Such activities include call center , time keeping, document processing, coding and and workforce management.

Specific Products: Handset Mobile Phone Re Manufacturing

Certifications: ISO 9001

AUTOMATED TECHNOLOGY (PHIL.) INC. (ATEC)

#1 Hologram St., Light Industry & Science Park, SEPZ, Bo. Diezmo, Cabuyao, Laguna 4025

Tel: (63-49) 543-0333

Fax: (63-49) 543-0334

Website: www.atecphil.com

Co. Email: atec@atecphil.com

Ownership: Filipino

Established: 1996

Description of Operation/Process: ATEC is your strategic contract manufacturing partner in the Philippines for Semiconductor devices and Electronic Manufacturing Services requirements. ATEC has two divisions. Wherein, ATEC Semiconductor division, provides a full array of semiconductor assembly and test services, ranging from discrete to complex multichip packages, from low volume, quick turns to high volume production. ATEC's products are found in a wide array of applications, including voice and data communication, industrial, commercial, consumer and office electronics, computers, military, automotive, and many other industries. While, ATEC Connectivity Division, offers electronic manufacturing services (EMS) and specialized in RF, Microwave & Millimeterwave from components, PCBAs, modules, sub-systems up to system level products with more than 23 years of manufacturing experience in the Philippines. We are a one stop shop that can work with either consignment or full turnkey business model including assembly and test capabilities for various products from components, sub-system and system levels through Chip & Wire (MIC) and SMT capabilities for various PCBA such as Semiconductor Evaluation Boards, Test Boards, Load Boards, transceivers, IoT devices, , multi-chip modules and other modules/products. ATEC is driven by the vision of being a strategic partner to its customers, focusing on customized service and offering a consistently first-rate and dynamic range of technical capabilities.

Specific Products:

Components/Devices (Semicon): PDIP, SOIC, SOT/TSOT, FP, TSSOP, Multichip Modules. Telecommunication: RF, Microwave, Millimeterwave devices in EMS, PCBA, Box-builds. Communication/Radar: Satellite Communication products. Medical/Instrumentation: Power modules for industrial instrumentation. Automotive Electronics: Legacy packages, ceramic packages, open-cavity molded packages.

Services Offered:

- Multichip packages and Multichip modules assembly and test (MCP / MCM)
- Assembly of special packages for automotive electronics application (Sensors, MOST, TO, etc.)
- Assembly of special packages for wireless

medical electronics applications

- Captive Line offering for Semiconductor & Electronics
- Assembly and test including Failure Analysis and Reliability of QFN, SOIC, SOT, PDIP, CLCC, SIP, TO
- Clear QFN Optoelectronic DFN packages for commercial and automotive applications
- Die Sales and Lead Finish services.
- Our services cover consignment to full turnkey business model
- We can engage with customers in all phases of the product life cycle from design verification, prototyping, new product introduction, pre-production to mass production phase and after sales management
- We offer assembly and testing from DC up to 90 GHz from components, PCBA up to 1.6 meters by 0.5 meter-wide PCB size, Chip and Wire assembly, system in-package, sub-system up to the top level
- We can do product and manufacturing line transfer from customer site to ATEC facilities through our experienced NPI team.
- We also do supply chain management and reverse logistics
- Added Engineering Services such as DFM/DFT, Process Validation, Failure Analysis & Reliability Testing, Software Development, Repair Management, others

Certification(s): ISO9001:2015, IATF16949:2016, ISO14001:2015

BTCPOWER CEBU, INC.

ZONE1, MEZ1, IBO, LAPU LAPU CITY

Tel: (032)349-1893

Website: BTCPOWER.COM

Ownership: AMERICAN

Established (in the Philippines): DECEMBER 27, 2018

Description of Operation/Process: BTC POWER is the leading manufacturer of electric vehicle charging systems in North America. Supplying a variety of DC and AC product lines to those in the Oil & Gas, Fleet, OEM, CPO, Government and C-store Markets. BTC Power provides chargers and service in the North America, Canada, and EU markets.

Specific Products: ELECTRIC VEHICLE CHARGING SYSTEMS

Services offered: FIELD SERVICES

Certifications: ISO 9001 : 2015, ISO 14001 : 2025, ISO 45001 : 2018

CONTINENTAL AUTOMOTIVE SYSTEMS PHILIPPINES, INC. (CASPI) (Formerly: TEMIC AUTOMOTIVE (PHILS.), INC.)

Temic Building, Bagsakan Road, FTI Special Economic Zone, Taguig City

Tel: (632) 85676500

Fax: (632) 838-6012

Website: www.continental-automotive.com

Ownership: German

Established: 1998

Description of Operation/Process: Manufactures vehicle electronic parts for the automotive industry

Specific Products: 1. Vehicle Dynamics (VED) - Electronic control unit (ECU) for electronic brake systems. For example electronic stability control (ESC)

systems.

2. Body and Security (BS) - Electronic modules for vehicle access, network system as well as for control of vehicle parts (trunk lid, door, body, seat and roof)
3. Original Equipment Service - Spare parts production of electronic modules
4. Access Control Systems

Established: 2004

Description of Operation/Process:

Manufacturing and assembly of electronic automotive components.

Specific Products: Inertial Sensor Clusters, Chassis Components, Advanced Sensors, Mini-Speed Sensors, Transmission Engine Sensors, Wheel Speed Sensors and Advanced Driver Assistance Systems

Certification(s): TS16949, EMS/ISO 14001, ESD/ANSI ESD S.20-2007, ESD/IEC 61340-5-1:2007, ISO 50001

CYPRESS MANUFACTURING LIMITED

Gateway Business Park, SEPZ, Brgy. Javalera, General Trias, Cavite
Tel: (632) 812-8161
Direct Line: (632) 849-7705
Website: www.cypress.com
Ownership: American

Established: Cypress Headquarter in San Jose, California (1982), Philippines, Cavite Plant (1996)

Description of Operation/Process: Autoline technology with integrated in-line assembly, test and finish. Cypress' Autoline technology is fully integrated from die attach process to tape and reel process, allowing minimal operator intervention. It is equipped with an inline inspection system by process steps. It is fully controlled by an MES system that detects the location of strips while being processed and creates electronic strip maps of reject and good units within the strip. Typical cycle time is less than a day for the entire assembly, test, and tape reel processes. Best in class cycle time of autoline (< 2days) is key to supporting stable 4 weeks lead time. Autoline also supports expedites with very short lead time (1 week).
Key Features

Advanced automated inline inspection system
Automatic electronic strip map generation
Exceptional quality with minimal operator intervention
Best in class cycle time
World class manufacturing with low man-machine ratio

Services Offered: Test and Assembly Processes

Certification(s): ISO 9001:2000, ISO14001:2004, TS16949:2009

KM54 National Hiway Brgy Punta, Calamba City, Laguna 4027

Tel: 63 4 9 508 8000

Website: https://www.dyson.ph

Established: 2016

Description of Operation/Process: Dyson is a global research and technology company with engineering, research, development, manufacturing and testing operations in Singapore, the UK, Malaysia, Mexico, China and the Philippines. Dyson remains family owned and employs 14,000 people globally including a 6,000 strong engineering team. It sells products in 84 markets in over 300 Dyson Demo stores, 50 of which opened around the world in 2021 including a new Dyson Virtual Reality Demo Store. Dyson has global teams of engineers, scientists and software developers focused on the development of solid state battery cells, high speed electric digital motors, sensing and vision systems, robotics, machine learning technologies and A.I. investment.

Products/Services: Latest technology includes the:

- Dyson Digital Motors
- Dyson V15 Detect™ cordless vacuum
- Dyson Omni glide cordless vacuum™
- Dyson Airwrap™ multi styler
- Dyson Corrale™ straightener
- Dyson Supersonic™ hair dryer

Services offered: Consumer Technology and Research

Certifications: ISO 9001: 2015, ISO 14001: 2015, ISO45001: 2018, IMS 22301: 2019, ISO 50001:2018

Ownership: American

Description of Operation/Process: A foreign (American) company who is a global technology leader in power management solutions that make electrical, hydraulic, and mechanical power operate more efficiently, reliably, safely and sustainably.

Specific Products: Inductors and Transformers, RFT
Services Offered: Design of custom supply of magnetics and automotive, manufacturing & assembly of transformers and coil ware for specific applications, passive components technologies, automotive technologies, radio frequency technology, network technology, and aftermarket (technical support to customers).

Certifications: ISO, TS16949

ENOMOTO PHILIPPINE MANUFACTURING, INC.

PEZA Gateway Business Park, Brgy. Javalera, General Trias, Cavite

Website: www.enomoto.co.jp

Ownership: Japanese

Established: September 1995

Description of Operation/Process: Enomoto is a global manufacturer offering high-performance die making with an emphasis on productivity that only an integrated production manufacturer can provide. Enomoto manufacture high-precision stamping die technology and insert mold parts which unified ultra-

precise metal blanking parts and resin that makes possible the production of high-quality electronic parts that support today's most sophisticated components.

Specific Products:

- Connector parts
- LED Leadframes, I.Cs. and Transistor Leadframes
- Insert mold parts
- High precision tooling
- Electroplated products
- Precision tool parts

Services Offered:

Spareparts and Services

Certifications: ISO 9001:2015; ISO 14001:2015; IATF 16949:2016

FASTECH ADVANCED ASSEMBLY, INC.

Fastech Mfg. Complex, West Road cor. Ampere St. Light Industry and Science Park of the Philippines 1, Cabuyao, Laguna, 4025

Tel: 8519-4106, 8843-0017

Fax: (63-49) 543-0352

Website: www.fastechsynergy.com

Co. Email: query@fastech.com.ph

Ownership: Filipino

Established: 1983

Description of Operation/Process:

Fastech Synergy Philippines, Inc. started in 1983. It eventually became a listed company in Singapore Stock Exchange on 1999. Today, Fastech is a non-listed public technology company involved in Electronics Manufacturing Technology, Metals Manufacturing Technology, and Information Technology. It is recognized for its leading-edge knowhow in niche Power IC semiconductor components and RF/Microwave modules. For more than 35 years, the company has invested in providing highly proficient technical labor and developing capabilities for complex engineered products.

Specific Products: Power Management Transistors/ Jfets, Optical Linear Driver, RF Amplifiers/Oscillators, Mixers/ Oscillators Mfg/Assembled, Voltage Control Oscillators, Sun Sensors Mfg/Assembled, Mosfets, IGBTs Power Electronics

Services Offered:

Contract Manufacturing /CEM

Power Discrete and Modules Assembly & Test

Integrated hybrid assemblies and High Rel products for Telecommunication ,Telecom Infrastructure

,Aerospace ,Fiber Optics ,5G ,Medical Devices,Class K products and IOT products.

Package Engineering & Products test development for IDM's SiC ,and GaN or wide band gap products . SiC foundry packaging and test for product /process characterization .

Reliability and FA test services

EMS/ODM new product box build assembly from concept ,prototype to production .

IC Design Back office Analog and Mixed Signal .

Certification(s): IATF 16949: 2016, ISO 9001: 2015 and ISO 14001: 2015

FIRST SUMIDEN CIRCUITS, INC.

Ampere St. corner Main Avenue, Light Industry & Science Park 1, Bo. Diezmo, Cabuyao, Laguna

Tel: (63-49) 543-0411, 543-0413 to 17, (63-2) 730-9999

Fax: (632) 519-4031

Website: www.fsci.com.ph

Ownership: Japanese

Established: 1996

Description of Operation/Process: FSCI is a pioneer manufacturer of Flexible Printed Circuits (FPC). It started with back-end manufacturing in 1996 then added front-end (circuit-making and Plating) for single-sided FPC in 1997. In 2005 & 2007, Flip-Chip & Surface Mount Assembly FPC was established. Last July 2012, Double-sided FPC was also established.

Specific Products: - Flexible Printed Circuits (Single-sided and Double-sided) - FPC Assembly

Certification(s): ISO 9001:2008, ISO14001:2004, OSHAS 18001:2007; ISO14064:2006

FUJI ELECTRIC PHILIPPINES, INC.

107 Enterprise Drive, Carmelray Industrial Park Canlubang, Calamba, Laguna

Tel: 8844-6183 / (63-49) 549-3291

Fax: 8844-6196 / (63-49) 549 - 3293

Ownership: Japanese

Established: 1996

Description of Operation/Process: Power Device (semi-conductor) manufacturing employing basic operations/process that include wafer chip singulation and inspection chip (die) and aluminum wire attachments, plastic molding with epoxy resin, deflashing, unit singulation, lead soldering & tin plating for MP2, electrical characteristics testing, final inspection, packing and shipment of finished products. Approximately using one hundred seventy two (172) different kinds of machines such as Wafer Saw, Die Bonder, Wire Bonder, Molding Machine, Deflashing Machine, Cutting, Solder Dipping, Isolation Testing Machine, Tin Plating, Drying and Test Handler.

Specific Products: Manufacturer of Power Semiconductor Products

Certification(s): ISO 9001:2015, ISO 14000:2015

FUTABA CORPORATION OF THE PHILIPPINES

Fax: (6349) 543-0660

Website: <http://www.gemphil.com.ph>

Co. Email: info@gemphil.com.ph

Ownership: Filipino

Established: 1991

Description of Operation/Process: Gemphil Technologies, Inc was established on February 12, 1991, is a 100% Filipino-owned company. We are a producer and supplier of highly specialized components to major electronics and semiconductor companies with operations in the Philippines, Asia Pacific, America & Europe.

Specific Products:

Telecommunication System - Wideband Transformer for RF Circuits and Mobile Radio. Balun Transformer for Indoor/Flat Antenna

Medical - RFID Transponder Coil for hearing aids, Pulse transformer for Pacemaker, Converter transformer for switch mode power supply for motor drives in medical equipment.

Renewable Energy - Transformer for Power Supply of IGBT Driver in Wind Turbines, Switch mode power supply for motor drives and process control in Solar Energy.

Automotive - Automotive switch for Utility vehicle, Coils for parking assist system

Industrial - Converter transformer (DC-DC Converter) for motor driver, stator for servo motors, power inductor converter for switch mode power supply

Others - Sensor coil for wafer meters, stator and inductor assembly for wristwatch application

Wire Harness - For motorcycle lamp, car accessory harness, manual antenna, premium rear door harness.

Services Offered: We manufacture coils and transformers used in semiconductor hybrid devices applied in telecommunication and data transmission system, CATV amplifiers, power coils and transformers for AC-DC, AC-AC and DC-DC converters, EMI and RFI filters, degaussing coils for monitors and into assembly and test of power converters, and stators for industrial motors and wind turbines. Likewise, we manufacture coils for hearing aids, watch inductors, chokes, coupler, and splitter. We assemble and test electromagnetic components applied in semiconductor hybrid devices and all types of electronic equipment used in businesses, industries, and domestic appliances. We are a Contract Manufacturer to Original Equipment Manufacturers of the semiconductor and electronics industry in the Asia Pacific Region, European Union, America and Japan.

Certification(s): ISO 9001:2008 TUV NORD Certified

GF MICRO OPTICS PHILIPPINES, INC.

Plant 1: Panorama Compound 3 Lot 3, Block 1, East Main Avenue Phase 5, Laguna Technopark

Biñan City, Laguna
 Plant 2: LTI Standard Factory Bldg., 134 East Main Avenue, Laguna Technopark, Biñan City, Laguna
 Tel: (+63) 49 508-6089
 Website: www.gofoton.com; www.gofoton.ph
 Ownership: American
 Established (in the Philippines): 2003
Description of Operation/Process: GF Micro Optics Philippines, Inc. (formerly known as NSG Micro Optics Philippines, Inc.) is the only Manufacturing Company of Go!Foton Group located in Laguna, Philippines that is engaged on the design and manufacturing of high quality materials, components and solutions for various applications in the field of fiber optics telecommunications, connectivity, imaging, and medical applications. Go!Foton brings innovation to the global photonics market with decades of expertise in optics and photonics — solving real-world problems for our customers with a scalable and customized approach.

Specific Products:

- a. **PEACOC® High Density Fiber Management Solutions**
 - PEACOC® High Density Fiber Management Platform, PEACOC® High Density Fiber Patch Panels, PEACOC® EVA (Enhanced View and Access), PEACOC® NEMO Patch Panel, PEACOC® Fiber Distribution Frames, PEACOC® Wall Mount Brackets, PEACOC® Splice Chassis, PEACOC® FleT Preconfigured Cassettes
- b. **OSP Fiber Management Solutions**
 - PEACOC® Multiport Mid-span Terminal (MMT), PEACOC® Mid-span Clamshell and Clamshell Hardened Terminals, PEACOC® Compact OSP Terminal, PEACOC® Small Fiber Terminal, OSP Terminal (with Engineered TAPs and with Splitters), OSP Deep Terminal (with Engineered TAPs and with Splitters), OSP Splice Terminal
- c. **Fiber!Fast™ Indoor Living Unit Solutions**
 - Translucent Optical Micro Cable, ILU Clips, Indoor Optical Outlet Box
- d. **Terminated Fiber Cable Assemblies**
 - Simplex and Duplex Patch Cords, MPO Patch Cords, Fiber Fan-out/Break-out Cable Assemblies
- e. **Optical Signal Management Solutions**
 - 1xN PLC Splitters, Engineered TAPs in Cassette, Multi-channel CWDMs and DWDMs, GPON/XGS-PON Coexistence Element
- f. **Thin Film Filter Components**
 - 1x2 Single Channel CWDMs and DWDMs, EWDM for PON, Thin-Film PM Tap Couplers, Gain Flattening Filter, In-Line Optic Fiber Mirror Cable Assembly (IOCA)
- g. **Fused Biconical Tapers and Power Combiners**
 - Single and Dual Window Fused Tap Couplers, Wavelength Division Multiplexer (WDM) Fused Couplers, Tapered Power Combiner, Thermally Expanded Core (TEC) Fiber
- h. **Tap Detectors and Power Monitoring**
 - Standard Pigtail and Compact Pigtail Photo Detectors, Compact and Micro Unidirectional TAPD, TAPD Arrays, Multi-Channel Integrated Photo Detectors
- i. **Collimators**
 - Standard Collimators, Precision Beam Profile Converter (PBPC), Prism Probes, OCT Probes
- j. **SELFOC Lens**
 - SELFOC Micro Lens, Plano-Convex (PC) Lens, Laser Diode Collimating Lens, Imaging Lens, and Rod Lens

Co. Email: sales@global-imi.com

Ownership: Filipino

Established: 1980

Description of Operation/Process:

Integrated Micro-Electronics Inc. (IMI), the manufacturing arm of AC Industrial Technology Holdings, Inc., a wholly-owned subsidiary of Ayala Corporation, is among the leading global manufacturing solutions expert in the world. IMI now ranks 17th in the list of top 50 EMS providers in the world by the Manufacturing Market Insider (March 2019 edition), based on 2018 revenues. In the automotive market, it is the 5th largest EMS provider in the world per New Venture Research. IMI specializes in highly reliable and quality electronics for long product life cycle segments such as automotive, industrial electronics and more recently, the aerospace market.

From its 21 manufacturing plants across 10 different countries, IMI provides engineering, manufacturing, and support and fulfillment capabilities to diverse industries globally.

For more information, visit www.global-imi.com.

Specific Products:

Low/ Med Power Discrete Packaging and Processes including Au Wire Bonding Al Ribbon, Cu Clip interconnect, 3D Packaging, MCM, High Reliability OFN Packages: 3 x 3 mm to 12x12 mm, Power Component Discrete Packaging, e.g., 3 - 7L TO-220, 3L TO-247, etc., Diversified Packaging - from Low to High Power and Small to Large Outline, R&D line, Power module assembly, SSD, HDD, thin client, MPU PCBA, display, Power supply, display, Telecom infrastructure, antenna, network power, short range wireless, EV charger, Security/Safety Alarm Device, industrial power, network power, Asset Tracking Device, thermostat, actuator and flow controller, lighting control system, Radiation Detector, actuator damper, door lock system, Monitoring and Control Systems, card reader, smart meter, motor drive, LED lighting, etc., Patient Monitoring/ Ultrasound imaging, DNA Analyzer, dental equipment, Battery Pack for Ventilator, hearing aid, Automotive camera, ECU, sensor, side mirror replacement camera, switches, window lifter, wiper, controls, lighting, Tracking device for vehicle, motor drive, automotive lighting, automotive display, etc, Solar assembly, Commercial Satcom, Specialist Amplifiers, Military Satcom, amplifiers, Specialist spares and repairs, Full rack wiring and integration, Laser warners, flare and chaff dispenser, missile warners, ESM/ECM pods, towed decoy, etc. EUROFIGHTER TYPHOON: Captor Radar, Pirate, Dass-Praetorian, Helmet, Decoys, Navigation, Communications, Cockpit Displays, Lightning & Sniper Pods. Motorcycle assembly, power module assembly, HMI and embedded systems, Lighting systems, IoT platform.

Services Offered:

Test and Systems Development, Design and Development, Analytic Testing and Calibration Laboratory, Advanced and Manufacturing Engineering, System Integration Assembly.

Certification(s): ISO9001:2015, ISO13485:2016, ISO 14001:2015, ISO/IEC 17025:2005, IATF 16949:2016, ISO/IEC 17025:2005, ANSI/ESD S20.20:2007, ANSI/ESD S20.20:2014, AS 9100 REV D, License to Operate (LTO) as Medical Devices Manufacturer

IONICS EMS, INC.

14 Mountain Drive, LIFP 2, Barangay La Mesa, Calamba, Laguna 4027
Tel: (63-49) 508-1111
Fax: (63-49) 508-0073
Website: www.ionics.ems.com
Co. Email: sales@ionics-ems.com
Ownership: Filipino
Established: 1974

Description of Operation/Process: The Ionics Group is a leading technology group with the longest track record and strongest experiences in the electronics industry in the Philippines. It is listed in the Philippine Stock Exchange.

Its manufacturing subsidiary, Ionics EMS Inc. is a total one-stop-shop electronics manufacturing services (EMS) provider with pioneering firsts in PCBA, flip chip, and turnkey processes. It has successfully provided some of the world's biggest Original Equipment Manufacturers (OEMs), who are leaders in personal computer, computer peripherals, telecommunications, consumer electronics, automotive, industrial and medical equipment, value-added services and cost-competitive solutions.

It has 9 production facilities, all certified to ISO-9001-2000 and ISO 14000 and other facilities certified to TL9000 and TS16949. These are strategically located in economic zones, adding value to the clients' varying logistics and traffic requirements.

Ionics EMS offers both EMS and Original Design Manufacturing (ODM) services and products.

Specific Products: For EMS, the product competency is as follows:

• **Telecommunication Products:** • Wireless Broadband Products - Satellite, Wimax, WiFi
• Wired Telecom Products - ADSL, MSAN, PTUC, VTUC, ATUC; Fiber Optics - Synchronous Optical Networks; Infrastructure and Backplanes; Networking Switches, Routers, Modems; Power over Ethernet; WiFi based RFID Tags; Telephone Ring Generators; Transponder; UPS for Optical Network Terminals; Optical Pole Street Cabinets; LNOB for Satellite Dish Antennas

• **Automotive Products:** • GPS Navigation System; RF Tuners; Vehicle Security Systems; Electronic Dashboards; Engine Sensors; Engine Starters; Car Antenna Control System

• **Computer / Peripherals:** • Micro Drives
• Motherboards; HDD; Optical Drives; Flip Chip on Flex for HDD; Adaptive PFC Power Supplies; Remote Proctor in eLearning; Solid State Drives; Small Area Repeater Systems; High Definition Teleconferencing Systems; Bypass Server Adapter; ZWave Module

• **Consumer Electronics:** • E-Books; Personal Media Player; USB Drives; DVD Players and recorders; Recorder / One Touch Media Upload Converter; Home Speaker Systems; IPOD Docking Units; GPS for SLR Cameras and Golf; Electronic Ballasts; Electronics Fishing Devices; Digipass Security Tool; GPS Watch Modules; Electronically Controlled Chemical Dispensing Devices; Solar Cell Modules

• **Medical:** • Digital Thermometers; Personal Health Care Products; Plug Computer for Health Monitoring; Stem Cell Laboratory Equipment

• **High Precision Plastics:** • Enclosures; Sub-assemblies for Printers, Copiers and Optical Drives; Concentrators for Solar Cells; High Voltage Connectors for XRay; Automotive Plastics - Air Intake manifold & Fuel Delivery Modules; Air Tight Wi-Max Antenna Enclosure; Wiring Harness Protectors

For ODM, it starts with design services: • Design to Customize • Electrical Hardware Design: Schematics; Parts Library; - PCB Lay-out; - System Integration & Debugging • Mechanical Design: Industrial Design; Detailed Design; Packaging Design • Software Design: Embedded OS; Firmware; Application • Captive Design • Others: Product Reliability Verifications; Product Approbations; Design for Verification and test; Design for cost; Test Design and Development

For both EMS and ODM, the one-stop design-to-manufacture services consist of:

• Prototype to Productive • Prototyping and New

Product Introduction: Design for Manufacturability; Design for testability; Industrialization; Electro Mechanical Parts • Sourcing and Procurement: Quick turn PCB fabrication; Assembly and testing; Rework; Line Configuration Design • Set-up: Machine Configuration Design and Set-up; Documentation Review and Analysis; Build to Time Market Demand • Mass Production: Printed Circuit Board Assembly; Flex Circuit Board Assembly; Inspection and Testing; Box Build/Final Assembly; Reliability Testing; Full Turnkey Capability; Total Material Management Solutions; Logistics and Reverse Logistics; RMA Service; Worldwide Drop Shipment; Product Life Cycle Management; Product Management • Supply Chain Management: Planning and Demand Management: Demand Analysis; Forecast and Order Management; Master Scheduling via ERP; Capacity Management; Sourcing and Vendor Management: Sourcing; Localization and Alternatives; Supplier Accreditation; Supplier Quality Engineering; Supplier Management and Rating System; Tooled-parts Development; Purchasing and Order Management: Lead-time Management; Weekly PO and Schedule Releases; 24 Hr PO Confirmation; 48 Hr Delivery Confirmation; Purchasing Activity Control; Logistics and Reverse Logistics: 3PL Warehousing; Forwarder Management; In-bound and Out-bound Logistics; Distribution and Hub Services

Certification(s): ISO 9001: 2008 / ISO 14001/2004 / TL9000/2009 / TS16949/2009

II-VI LASER ENTERPRISE PHILIPPINES INC.

Bldg #5 EZP Center, Calamba Premier International Park Batino, Calamba
Established: 2014
Ownership: Dutch
Website: www.laserenterprise.com

Description of Operation/Process: Manufacturing of semiconductor laser diodes used as components for telecommunication applications.

Specific Products: assembly and test of laser diode components as sub-assembly of final product.

Certifications: ISO9001-2008

KAERTECH ELECTRONICS PHILIPPINES, INC.

Building 3, EZP Compound, LTI Annex, Binan, Laguna, Philippines, 4024
Tel: +6349 5089632
Established: 2009

Ownership: Filipino/ Chinese

Website: www.kaertech.com

Co. Email: contact@kaertech.com

Description of Operation/ Process:

Kaertech engages Provides full turnkey services product design and advanced manufacturing services mainly in Electronics including Design/ OED (EMS Product Design and Development, Design and High Performance Analog, IT Research and Development, PCB Design, and Prototyping). The company also deals with Manufacturing and Assembly (Electronics Manufacturing Services, PCB Technologies, and Board Assemblies, Consumer Electronics, and Biomedical Equipment). They also deal with Communications Electronics (Design/ OED - RF and GPS Design and Manufacturing and Assembly - Radio Frequency Technology and Telecommunications)

Certification: ISO 9001:2008 / ISO 13485:2016

Ownership : Japanese

Established : 1989

Description of Operation/Process:

We have built up a solid track record and trust as the best partner to support corporate manufacturing. We would like to introduce our commitment to manufacturing of digital cameras, optical and plastic products.

We provide OEM services for a wide range of optical products such as rifle scopes, binoculars and other optical products, as well as plastic parts. We will make the best proposals to our customers with our abundant facilities and accumulated know-how of our company.

Specific Products:

- Digital camera assembly
- Cinema, DSLR and CCTV Lens assembly
- SMT Surface Mount Technology assembly
- Electronic sensors and modules assembly
- Binocular, Rifle Scope, Rangefinder assembly
- Painting / printing of parts
- Plastic Mold and plastic mold lens process
- Lens Coating process
- Printing laser engraving process
- Machinery process (CNC machining center)

Services offered:

Manufacturing

Certifications: ISO 9001 certified, ISO 14001 certified

KINPO ELECTRONICS (PHILIPPINES), INC. - KPPH

Block 7, Lot 1, Main Boulevard, Lima Technology Center - Special Economic Zone, Lipa City, Batangas

Established: 2012

Description of Operation/Process:

Knowles is the leading designer and manufacturer of advanced acoustic components. In addition to being the market leader for components to the global hearing aid industry, we are also the leading provider of MEMS surface mount microphones to major cell phone brands and consumer electronic devices the world over.

Founded in 1946, Knowles offers a growing range of micro-acoustic, electro-mechanical, and related technology platforms to support the business

potential of our customers. These platforms enable us to collaborate early in the concept-design process to help our customers develop smaller, higher density, and higher performance products.

Knowles Corporate Headquarters is based in Itasca, Illinois with technical customer support offices located around the globe. Knowles has manufactured in Asia since 1974, with world-class facilities in China and Malaysia. All of our manufacturing facilities are ISO-9001 certified, with some additionally certified to ISO-14001 or OHSAS-18001. The Knowles Quality Management System ensures design, integrity, efficient manufacturing and the cost effective on-time delivery of our products and services.

LEAR AUTOMOTIVE SERVICES (NETHERLANDS) B.V.

3rd Avenue, Mactan Export Zone 1, Ibo, Lapu-lapu City, Cebu

Tel: (032) 349-930

Fax: (032) 349-9300

Ownership: Filipino

Description of Operation/Process: Ler was founded in 1917 in Detroit, Michigan as American Metal Products, a manufacturer of tubular, welded and stamped assemblies for the automotive and aircraft industries. Since then, we have grown to meet the changing needs of the industry with 18 major acquisition since Lear went public in 1994.

Today, we provide complete seating and electrical power management systems worldwide. Lear ranks number 189 among fortune 500. Our world-class products are designed, engineered and manufactured by a diverse team of 115,000 employees in 221 locations. With headquarters located in Southfield, Michigan, Lear.

Our success is a result of a strong commitment to provide the best possible service to the world's automakers by understanding our customers as well as the automotive consumer.

Specific Products: Automotive wiring harness, electric wire assemblies, electric motors, switches, terminals, and connectors.

LINEARWORKS CORPORATION

Description of Operation/Process: 100% Filipino-owned company engaged in the fabrication of wire harnesses and assembly of components.

For the following markets:

- Consumer electronics
- Telecommunication
- Automotive and transportation
- Home appliances
- Industrial
- Energy and recreational

Specific Products: Power supply/battery back up apparatus, Power cords, Electromechanical assemblies. Can produce wire harnesses from AWG#32 to 350 MCM, Accepts sub-contracting jobs for the assembly of parts and semifinished goods, Utilizes up to 450 skilled production workers and 50 front office staff.

Certifications: ISO 9001, ISO 14001

MAGNETICA ELECTRONICS, INC.

No. 059 Governor Camerino Compound, Medicion 1-D,

Imus, Cavite City

Tel: (046) 481-6539

Website: www.pca.com

Ownership: Filipino

Established: 2010

Description of Operation/Process:

One of the manufacturing arms of PCA Electronics (CA, USA). Involved in designing and producing wide range of electromagnetic components, such as Ethernet Filters, Delay Lines, DC to DC converters, Hybrids, Pulse, Telecom and Power Transformers.

MAXEON SOLAR TECHNOLOGIES

Cell Fab 1: 100 East Main Avenue, Laguna Technopark,

Biñan, Laguna 4024

Tel: (049) 541 2378

Website: www.sunpowercorp.com

Ownership: American

Established: 2003

Description of Operation/Process: SunPower designs, manufactures and delivers the highest-performing solar power systems worldwide. At SunPower, we combine the highest-efficiency solar panel technology with proven systems capabilities to enable our customers to win on cost, performance, design, and environmental leadership. As a leading global source for residential, commercial and utility-scale solar power, we take pride in delivering systems that exceed our clients' expectations.

Certification(s): ISO 9001: 2008 and ISO 14001

MAXIM PHILIPPINE OPERATING CORP., NOW PART OF ANALOG DEVICES, INC.

Gateway Business Park, Brgy. Javalera, General Trias, Cavite 4107

Tel: (632) 902-2000 to 2009 Fax: (632) 902-2014

Website: www.maximintegrated.com

Ownership: American

Established: 1997

Description of Operation/Process: At Maxim, we invent highly integrated solutions that make technology seamless. We channel our collective expertise to stretch the limits of technology, understand your needs, and help you get to market faster. All of our wafer fabs and test facilities are ISO certified* and TS 16949 certified**.

We introduce an average of one new IC every day! Our 2500 engineers don't just invent great products. They also provide you with tools, information, and resources to help you design better, faster and more easily. Our product engineers have chosen the best parts to make your design more capable, more compact, more power efficient, more accurate – in short, more valuable to your customers.

Our products are used in a wide variety of microprocessor-based electronics equipment. A sampling of the applications for our circuits includes automotive and transportation, communications and networking, computing and storage, consumer electronics, energy, industrial, medical and military and aerospace. Our Maxim Philippine Operating Corporation takes great pride in its people—bold and innovative, collaborative and working as one, reaching higher to maximize our potential, and making a difference everyday in every way. We are a final-test, backend manufacturing operation started in mid-1997. We deliver high-quality, fully tested products to the U.S., Europe, and throughout Asia.

Specific Products Line:

Power: Switching Regulators, Battery Management, Isolated Power, Charge Pumps, Linear Regulators, LED Drivers, Hot-Swap ICs, Motor Driver ICs, Power Switching, Display Power and Control, Supervisors, Voltage Monitors, and Sequencers

Analogs: Amplifiers, Audio, Video, Data Converters, Sensors and Sensor Interface, Switches and Multiplexers, Filters, Voltage References, Digital, Real-Time Clocks, Embedded Security, Memory Products

Microcontrollers, Clock Generation and Distribution

Interface: Transceivers, Controllers/Expanders, Level Translators, Circuit Protection, Isolation ICs, High-Speed Signaling, Signal Integrity, Broadband Switches, Universal Serial Bus (USB) Products, 4-20mA Current Loop Products

Industries: Automotive, Military and Aerospace, Metering and Energy Measurement

Communications: 1-Wire, iButton, Wireless and RF, Secure NFC Tags and RFID Readers, Optical, Powerline Communications (PLC), T/E Carrier and Packetized.

Services Offered: Maxim Integrated develops Integrated Circuits (ICs) for Power, Analog, Interface, Communications, Digital and Industries. Maxim is a leading supplier of integrated circuits for power and battery management applications. We offer a wide range of power conversion and control ICs and our battery management products provide charging and monitoring functions. Our products are designed to meet the needs of various applications in industrial, communications, automotive, consumer and medical markets. Maxim's analog signal chain ICs are designed for a broad range of applications. Our wide selection of analog signal ICs include op amps, current sense amps, audio and video amplifiers, data converters, analog filters, analog switches and multiplexers, and sensors. Maxim's wide selection of interface ICs includes products for interconnection, signal translation, voltage protection, current protection, and electrical isolation. Our market-leading transceivers and broad range of interface ICs simplify your design, while adding features that make your design more robust and reliable. Maxim communications ICs support a wide range of applications, and support multiple communications technologies including wired, powerline, optical, and RF. Maxim offers a wide selection of products for digital applications. These include microcontrollers, memory ICs, real-time clocks (RTCs), data loggers, and devices for clock generation and clock signal distribution. Our embedded security ICs lead the market in the number of security features integrated into a single device. Maxim offers a broad range of products optimized for applications within selected industries. Automotive and Military products undergo specific qualification processes. Energy measurement and metering ICs are designed to meet specific needs for utility metering and smart grid applications. Maxim also offers ASIC design services for high frequency RF custom designs.

Ownership: Japanese

Established: 1999

Description of Operation/Process: Provider of Electronics Manufacturing Services (EMS). Offers full-Service Contract Printed Circuit Board Assemblies on rigid or flexible boards using both Surface Mount and Thru Hole Technologies.

Accepts both "low mix-high volume" and "high mix - low volume production using international standards on green technology towards Lead Free (Pb-free) and RoHS compliance. Also accepts prototype or new product introduction or evaluation runs in short-leadtime/turn-around time. Other special services offered includes delicate Wafer-Back-Coating process using Minami OEM Wafer Screen Printer with Wafer-handling systems capabilities.

Specific Products -Automotive Electronics (Car Infotainment Assemblies), Consumer Electronics assemblies, Audio Electronics (MP3) Board Assemblies, Medical Electronics, Camera Electronics, Communications Electronics, Wafer Conductive/Non-Conductive Material Back-coatings. Gaming Console Boards

Services Offered:

* Surface Mounting Assemblies (BGA, CSP, QFNs, Odd-shaped-components, 0201/0603 chips, Die mounting) inside Class 100K cleanroom environment.

* RoHS Compliant /Lead Free / Leaded Reflow Technologies

* Nitrogen / Air Reflow Systems, Hot Air Systems

* Manual assemblies / Complete Box Assemblies

* Repair and Reworks/ Hand Soldering Services (SMT, Thru-Hole, FR4/PCB/Ceramic Substrates)/ 0201/0603 chipsize Inside Class 1K/10K/100K Cleanroom Environment

* X-ray inspection / Automatic Optical Inspection Capabilities/ Microscopes/Magnifying Inspection and Sorting Services

*Quick-Turnaround Production Runs: Prototyping/New Product introduction/evaluation/Test Runs

* Wafer Back-coating Services using Conductive/Non-conductive materials Inside Class 1K/10K Cleanroom environment.

* ESD Safe Factory

Established: (Motorola Phils. - 1979) OSPI - 1999

Description of Operation/Process: ON Semiconductor (Nasdaq: ONNN) is a premier supplier of high performance silicon solutions for energy efficient electronics. The company's broad portfolio of power and signal management, logic, discrete and custom devices helps customers efficiently solve their design challenges in automotive, communications, computing, consumer, industrial, LED lighting, medical, military/aerospace and power applications. ON Semiconductor operates a world-class, value-added supply chain and a network of manufacturing facilities, sales offices and design centers in key markets throughout North America, Europe, and the Asia Pacific regions.

Global corporate headquarters are in Phoenix, Arizona. The company operates a network of manufacturing facilities, sales offices, and design centers in key markets throughout North America, Europe, and the Asia Pacific regions. Revenue totaled \$3.442 billion in 2011.

On Semiconductor • Enables energy efficient solutions for a greener world • Provides a broad array of products and solutions • Helps customers solve their unique design challenges • Operates a world-class, value added supply chain

Specific Products: All are manufactured: • Custom: ASICs; Foundry Services; ULP Memory • Discrete: Bipolar Transistors; Diodes & Rectifiers; IGBTs & FETs; Thyristors • Power Management: AC-DC Controllers & Regulators; DC-DC Controllers, Converters, & Regulators; Drivers; Thermal Management; Voltage & Current Management • Logic: Clock Generation; Clock & Data Distribution; Memory; Microcontrollers; Standard Logic • Signal Management: Amplifiers & Comparators; Analog Switches; Audio/Video ASSP; Digital Potentiometer; DSP Systems; EMI/RFI Filters; Interfaces; Optical & Image Sensors

Services Offered: Semiconductor Manufacturing-Original Device Manufacturer

Certification(s): ISO/TS 16949, VDA 6.3, ISO 9001, ISO 14001, EICC, ESD S20.20, AS 9100, MIL-PRF-38535, MIL-PRF-19500, CTPAT, STACK

SMART PROBE, INC.

Panorama Bldg. 3, CPIP, Batino, Calamba City, Laguna 4027
Tel: 049-5020794
Ownership: Filipino
Established: 2006

Description of Operation/Process: Smart Probe Inc. is a leading ISO-Certified manufacturing company that specializes in Probe Cards, Test Interconnect Solutions and Mechanical Fabrications. The company is the pioneer probe card manufacturer in the Philippines, supporting the country's semiconductor and electronics industries.

Specific Products: Probecards, Test Sockets and PCB Repair

SOLAR PHILIPPINES MODULE MANUFACTURING CORP.

Lot 17 Phase 1 FPIP Santa Anastacia, Santo Tomas, Batangas
Tel: (043) 703 0137
Ownership: Filipino
Established: 2016
Website: www.solarphilippines.com.ph
Co. Email: aloy.yamzon@solarphilippines.ph

Description of Operation/Process: Solar Philippines Module Manufacturing Corporation (SPMMC) manufactures photovoltaic solar modules from its precursor materials: silicon cells, metal interconnects, polymer sheets, glass and aluminum frames. It imports raw materials from top tier global suppliers while also domestically sourcing qualified and locally available materials such as glass and aluminum frames.

The solar modules produced is sold to Solar Philippines project companies (solar farms, rooftop projects), offsetting the need to import modules and retaining value within the country. In the near to mid-term, the whole module output of SPMMC shall be sold to Solar Philippines until its whole demand has been met. SPMMC shall move into exporting modules when local demand is met.

Services Offered: Manufacturing Solar Panels

Certification: ISO 9001:2015

SONION PHILIPPINES, INC. - SPI

Lot 30-A, Phase 1B, Road Lot 8, First Philippines Industrial Park (FPIP), Barangay Ulango, Tanauan City, Batangas 4232
Tel: (63-43) 405 5015 / 430 8888

Fax: (63-46) 402-0252
Website: www.spisemicon.com
Co. Email: sales@spisemicon.com.ph
Ownership: Filipino
Established: 1999

Description of Operation/Process/Products: Manufacture & Design of Packaging System and Materials for the Semiconductor & Electronics Industries Worldwide. "ESD & Physical Protection for Wafer and Devices"

Specific Products: Antistatic Shipping tubes PVC, HIPS, PET; Endpins and Endplugs
Wafer Shipping System (Wafer Jars, Foam Liner, Foam Disc, Tyvek Interleaf)
Plastic Injection Molding/Custom molding using PP, ABS, PA6, PBT, PPS

New: Vertical Injection for insert molding parts

Services Offered: Tubes and Trays
Recycling/Redipping

Certification(s): ISO9001, ISO14001

ST MICROELECTRONICS, INC.

#9 Mountain Drive, LISP 2, Brgy. La Mesa, Calamba City, Laguna, 4027
Tel: 02 7 792 5200
Website: www.st.com
Ownership: French - Italian
Established (in the Philippines): 1998

Description of Operation/Process: Assembly, Test and Finish of QFN – QFN MR – BGA – LGA – Micromodules – Proximity Modules – Proximity in Flex – WLCSP packages. Wafer sorting for Optical Diffuser wafers.

Specific Products: E2PROM, Microcontroller, Analog IC, Finger tip, Motion MEMS, Smartpower disk drive, Protection, Proximity Sensor, BCDs, Vipower, Automotive Advance Driver Assistant System (ADAS), Power Management Unit (PMU)

Services offered: Assembly and Test Manufacturing

- Assembly Packaging - XFBGA/UFBGA/WFBGA, LGAs, OLGA, QFN, QFNmR, Ceramic, Modules and SIP
- Test (Final Test and Probe Test) - MEMS, BCD, Controller, Proximity Sensors
- Module Manufacturing
- Package Design
- Mechanical Modeling & Characterization
- Microtesting
- Electrical Modeling & Characterization
- Materials Characterization
- Process Characterization (*Wafer Thinning, Die Attach, Wire Bond, Molding, SMT, Encapsulation & Motion Analysis*)
- Product Characterization
- Test Development & Innovation (*Test Program Development, Test Platform Migration & Multi-Site Conversion*)
- RF Competency
- Hardware Duplication
- Load Board & Probe Card Repair
- Failure Analysis & Reliability Engineering

STB GIGA FACTORY INC.

RBF Units 1 & 2, Filinvest Innovation Park Phase 1
New Clark City, Clark Special Economic Zone, Brgy. Aranguren, Capas, Tarlac, 2315 Philippines
Website: www.stbgiga.com
Ownership: Australian
Established (in the Philippines): 2023

Description of Operation/Process: StB Giga was founded by leaders in the Asia-Pacific energy transition. Our pioneering GWh factory is transforming the Southeast Asian energy storage landscape by producing advanced Lithium Iron Phosphate (LFP) batteries for residential, industrial, and utility-scale Battery Energy Storage Systems (BESS). Located in the heart of New Clark City, Philippines, we capitalize on a strategic location, a skilled workforce, and a thriving renewable energy ecosystem.

Specific Products:

- Flex 5 - Residential & Telecom
- Omni - All-in-One ESS (Energy Storage System) Cabinet
- Sentinel off-grid battery generator
- Titan -Utility scale BESS Container

Services Offered: Lithium-Iron Phosphate (LiFePO₄) Batteries

SUMITRONICS PHILS., INC.

20 Ring Road, Light Industry and Science Park II, Brgy. La Mesa, Calamba City, Laguna 4027
Tel: (049) 545-0144
Website: www.sumitronics.co.jp
Ownership: Japanese
Established: 1997

Description of Operation/Process:

Sumitronics Phils., Inc. is an EMS (Electronics Manufacturing Service) company engaged in the distribution of electronics components. Sumitronics utilizes internal, external and joint venture manufacturing facilities for production of PCB Assemblies. Sumitronics partners with design engineering, Logistics, and after market services when required by customers.

Specific Products:

PCBA for printers, PCBA for medicine counting machines, turbo sensor for automotive application, fan motor, Bluetooth communication device etc.

Services offered:

Outsourcing needs of customers, such as board design (artwork), process design, DFM (Design For Manufacturing), VE/VA proposal, prototyping, parts procurement, IPO (International Procurement Office), board mounting, molded product manufacturing, painting, printing, module assembly, finished product assembly, etc. We will undertake a wide variety of services according to outsourcing needs. In addition, we can respond to customer requests such as VMI (Vendor's Management Inventory) and JIT (Just In Time) delivery. In the fields of consumer goods, industrial equipment, in vehicle equipment, medical equipment, etc. We respond to diverse outsourcing needs of our customers.

Certification: ISO 14001:2015

Ownership: British
Established: 2009

Description of Operation/Process: STI Philippines (STI-P) is the Far Eastern manufacturing arm of STI UK, a Contract Electronics Manufacturer providing end-to-end design and manufacturing solutions in both printed circuit board assembly (PCBA) and full

box-build manufacturing. STI-P mirrors the manufacturing capabilities of the UK facility, focusing on medium to high volume output and a seamless link between the two site offers an integrated service to major customers in Asia, Europe, North America and Australia covering sectors such as automotive, medical, industrial and consumer electronics. STI Philippines is located in a specialist secure site administered by the Philippines Economic Zone Authority (PEZA) (<http://www.peza.gov.ph/>) in Cebu, where it holds 'Pioneer' status. Like the UK facility, it delivers full surface mount assembly, through-hole assembly, test and box-build. Strong links and daily communication with the UK facility using video conferencing and webcams ensures that best practices are maintained across both sites. All our Operators are trained to IPC-A-610 and J-STD-001 Class 2 and 3. STI Philippines has 100% English-speaking employees and all transactions and communications are undertaken in English.

Specific Products: • High Power Stabilizer • PCBA Ventilation System • PCBA Solder Stations • PCBA Control System • Modern-Medical System

Services Offered: Surface mount assembly, Through-hole assembly, Test and Box-build, and includes special processes such as BGA removal, AOI, CT scanning X-ray inspection and Conformal Coating.

Certification(s): ISO9001:2008, ISO/TS 16949, AS 9100 Rev C & ISO 13485

Ownership: Japanese Established: 9 Jan. 1998

Description of Company Operation/Process: A subsidiary of Yamaichi Electronics (Japan). Engaged in Burn-in Test and Test Support Services, Board Preventive Maintenance & Repair (Burn-in Board, Load Board, Probe Card). Distribution of Yamaichi Electronics in the Philippine market for full range of Yamaichi products including test and burn-in sockets and connectors.

Specific Products: TSS is the sole Philippine distributor of Yamaichi Electronics: • Burn-in & Test Sockets • Yamaichi Electronics is a leading supplier of Test & Burn-in Sockets in the world market producing the sockets in the Philippines. • Yamaichi has 2 subsidiary in the Philippines

1. Test Solution Services, Inc. (Yamaichi Products Sales, Burn-in Services)
2. Picon Microelectronics, Inc. (Yamaichi Products Production, EMS Business)

• TSS offers Yamaichi first-rate burn-in and test sockets that deliver outstanding performance for your reliability test process. Always updating its techniques and technologies to meet latest technologies enhancement of Semiconductor industry e.g. super fine pitch, high pin counts, high frequency & high-power requirement, and even further-multiplying unctons of devices, TSS supports every step of your test process as a representative of Yamaichi Electronics in the Philippines. • Yamaichi uses state-of-the-art automated production and assembly equipment for a wide variety of packages such as BGAs, QFPs, LGAs, SOPs, DIPs, and other low and high pin count packages. • New Series 0.4mm pitch for high speed test • Spring Probe Pin Test Sockets

1. Cartridge-type Test Connectors for high contact reliability & stability
2. Custom Sockets • Connectors
1. Memory Card Connectors (SD card, SIM, USB, MMC or Combination Card)
2. IC Production Sockets
3. High Speed Transmission Connectors
4. Industrial Connectors
5. PV (Photo-Voltaic) Module Connectors

• YFLEX Cables & PCBs

1. High Speed Transmission Cables
2. Flexible Printed Boards

• Probe Cards

1. Planarity & Alignment (P&A) Local Service (Cantilever & Vertical)
2. Distribution of TCL brand probe cards (Rebuild & New Build)
3. Onsite Maintenance Service

Services Offered: • Burn-in & Test • Burn-in Board Services • Driver Board Services • PCB Design and Assembly for Burn-in & Test

Certification(s): ISO 9001, ISO/TS 16949

Established: 1994

Description of Operation/Process:

Manufacture semiconductor IC packages, hybrid modules and microelectronic products. Thick film Technology was also introduced in October 2001 to further enhance capabilities and meet growing market and customer needs. Tong Hsing Electronics (Phils), Inc. is one of the leading IC hybrid assembly houses specializing on Chip Scale Package (CSP), Land Grid Array (LGA) packages, Quad Flat No Leads (QFN), Dual Flat No Leads (DFN), High Reliability Products, and other devices such as PCB assembly with Surface Mount Technology (SMT) and Chip On Board (COB) processes, Multi Chip Modules especially on RF Modules, Image Sensors and Thick Film Assembly. The company also specializes in Direct Plated Copper (DPC) Ceramic Substrates. Cleanroom environment ranges from class 10, class 100, class 10K and class 100K.m class 10, class 100, class 10K and class 100K

Specific Products: Multi-Chip Modules; Thick Film Hybrid Integrated Circuits; PCB Assemblies with SMT and COB; RF Modules; Power Modules; Thick Film Products; Image Sensor; Saw Filter; High Reliability Packages; Ceramic- Direct Plated Copper (Above products are all manufactured)

Services Offered:

Manufacture Custom Electronic parts

Certification(s): ISO 9001:2015/ ISO 14001:2015/ IATF 16949:2016/ OHSAS: 18001:2007/ Mil-PRF-19500/ ISO/IEC 17025:2005/ ISO 13485: 2016

Description of Operations/Process: Toshiba Information Equipment (Phils) Inc. (TIP) is a wholly owned subsidiary of Toshiba Electronic Devices and Storage Corporation of Japan. TIP is a fast-growing, fully expanding manufacturing company and primarily engaged in the production of highly revolutionized, most innovative and pioneering cutting-edge Hard

Disk Drives (HDD) and Solid State Drives (SSD) to cater the growing needs of the businesses and consumers in the 21st century. Our products are high-capacity power-efficient storage device for Cloud Data Centers, capacity and performance HDDs for Enterprise IT, and client HDDs for set-up box, video gaming, external storage, multi-function printer and personal computers.

With the vision of becoming the No.1 Total Storage Company in the world, TIP is fully equipped with the state-of-the-art technology and facilities located in 3 sites in the Philippines, namely, TIP-LTI Main & TIP-Annex in Laguna Technopark and TIP-CIP in Carmelray Industrial Park. Toshiba aims to continue to advance HDD technologies and innovation to meet and exceed customer requirements across a broad spectrum of storage market segments. Toshiba commit to raise the quality of life for people around the world, ensuring progress that is in harmony with our planet.

Specific Products: Hard Disk Drives (HDD) and Solid State Drives (SSD)

Description of Operation/Process: Drawing on the heritage of invention that first introduced the hard disk drive, Western Digital Philippines (formerly HGST Phils.) is a new type of storage company for a new world where ever-increasing amounts of content are being generated from cloud services, Internet content providers, social networks, mobile devices, Big Data and enterprise business transactions. HGST has an unmatched reputation for product quality and reliability; offering award-winning enterprise optimization software and a broad portfolio of innovative, high-quality hard disk and solid state drives that store, manage and protect the world's data. Our intelligent storage solutions are trusted by enterprises, Internet companies, consumers and creative professionals to store and manage their data efficiently and securely. Our commitment is to deliver innovative, high-value datacenter, mobile, personal and consumer electronics storage solutions together with storage infrastructure consultation to the world's largest and most sophisticated OEMs, businesses and hyperscale cloud customers. Our unmatched science and unique technology vision, combined with our deep understanding of customers' needs and market opportunities, sets us apart. Western Digital Phils. is a wholly owned and independently operated subsidiary

of Western Digital Corporation, marketing and selling its leading storage portfolio around the world. It continues to strategically invest in high-growth and emerging technology segments, attracting and retaining the industry's best talent, and expanding research and innovative product development.

Specific Products: • Manufacturing of Data Storage Solutions, HDD Heads, Fabrication of HDD Slider and HGA Assembly

Description of Operation/Process: 2GO Express is a proud member of 2GO Group, Inc., the largest domestic supply chain solutions provider, giving a safer, more efficient and effective logistics services for all your distribution and delivery needs.

Our Company accepts, picks-up and delivers nationwide shipments from documents, parcels and cargos, and through the strategic alliances with the world's best logistics companies, worldwide shipments are accepted, reaching more than 200 destinations across the globe. We combine flexibility, know-how and an integrated menu of services as we provide solutions to our customers. Capitalizing on our areas of expertise, we have focused on four key service areas: delivery and transportation, special services, customer support, and supply chain management.

Services Offered: Express Services, your one-stop shop for all your logistics needs

- From documents, parcels and cargos, offering air freight and sea freight services, with door-to-door, and pick-up and delivery; we are always on the go in moving your packages nationwide.

E-Commerce, your first and last mile fulfillment partner

- We partnered with the best in the industry to deliver your online purchases. From booking to shipping, you can print your waybill and schedule the pick-up of your packages at your most convenient time.

Website: www.atotech.com

Ownership: German

Established: 1993

Service Offered: We are a global leader in the highly complex world of plating chemicals, equipment and services for printed circuit board (PCB), package substrate and semiconductor manufacturing, as well as decorative and functional surface finishing. Within the chemical sector, we have developed distinct capabilities in two core businesses: Electronics and General Metal Finishing. Both of our business divisions are equipped with comprehensive experience, deep market insights and advanced solutions to address specific needs of their respective markets.

Atotech Product Portfolio

Electronics Technology

- Desmear and Metallization
- Panel/Pattern Plating
- Final Finishing
- Surface Treatment
- Systems

General Metal Finishing

- Plating on Plastics
- Decorative Coatings
- Corrosion Protection Coatings
- Wear Resistant Coatings
- Functional Electronic Coatings
- Paint Support Technology

Electronics Materials Technology

- Solder Masks

- S/T Resist (Secondary Image Transfer/Technology)
 - Thick Copper Fillers
 - Heatsink Pastes
 - Plugging Inks/Legend Inks
 - Carbon Conductive Inks/Pastes
 - Ancillary Products
- Semiconductor Technology
- Copper Interconnects
 - Universal pad finish
 - Through Mask Plating
 - 3D Wafer Level Packaging
 - Online Analysis
- Certifications:** ISO 9001:2000, ISO 9001:2008, ISO 14001:2004, ISRS Level 7

AUROTECH CORPORATION

Unit 16-17 Paseo 4B, Paseo de Sta. Rosa, Bry. Don Jose, Sta. Rosa City Laguna
Tel: (632) 809-0155
Fax: (632) 807-7419
Website: www.aurotech.com
Co. Email: info@aurotech.com
Ownership: Filipino
Established: 1981

Description of Operation/Process: Aurotech is an industrial outsourcing provider of equipment and material and material manufacturers to factories inside the free trade zones, fulfilling the functions of inventory management, sales and technical support. Established in 1981, AUROTECH has more than 30 years of experience of developing long standing relationships and serving key clients with regional and global footprints – Amkor, Fairchild, Ibiden, Mitsumi, On Semi, Phoenix Semiconductor, Rohm, Samsung, ST and TI to name a few. The company provides robust marketing and technical support services specifically defined by the companies they represent. AUROTECH is a dynamic, healthy corporation with set systems and processes, experience and expertise, highly skilled technical, creative and consulting teams focused on quality and the client's peace of mind.

Specific Products: Equipments:

1. Equipment for wafer cutting, grinding, polishing
2. Equipment for Pick and Place Solutions
3. Test handlers specialized for Handling Small Packages
4. Precise Cleaning Machine, PCB and Stencil Cleaner
5. Laser Marking and Coding, Engraving System
6. Auto Cutting Laminator and Automatic Exposure System
7. Vacuum Valves
8. Automatic Wafer Probers
9. Solar Module Laminator, Solar Wafer slicing and cutting
10. Advanced Packaging Mass Reflow Chemicals and Consumables

1. Cleansing Chemicals (Solvent based and Water based) for Stencils, solder frames, misprints reflow ovens, wave acider systems and underside wiping in printers.
2. Solder anodes, solder bars and solder wires
3. Plating Chemicals (tin and nickel) (zinc plating)
4. Backgrind and specialty tapes
5. Industrial Adhesives for bonding, dispensing and curing
6. Reliability fluids and Heat transfer fluids
7. Ethanol, NMP (N-Methyl Pyrrolidone) PGMEA

Services Offered: Technical Support – Set-up and installation, Troubleshooting and Repair, Preventive Maintenance, Machine Rehabilitation, Technical Training
Application Support – Process optimization, Product evaluation, Laboratory Analysis
Commercial Support – Account Management, Customer Service

Supply Chain – Local Warehousing located in Tax-free zones, Capable of Vendor Managed Inventory/Consignment Activities

CAI-STA PHILIPPINES, INC. – CAI-STA

3rd Floor, One World Square Building
 #10 Upper McKinley Road cor. Florence Way, McKinley Hill, Fort Bonifacio, Taguig City 1634
 Tel: (632) 581-9158
 Telefax: (632) 581-9101
 Website: www.compaid.com
 Ownership: Fil/American
 Established: May 01, 1980

Description of Operation/Process: CAI-STA, a joint venture between Philippine-based and US-based IT professional services companies, serves as offshore delivery center of CAI and other clients. Field given processes and procedures enable CAI-STA to effectively provide clients with a guaranteed high quality solution that is predictable and measurable. Communication gaps are eliminated due to English speaking teams and cultural similarities to the US and other countries.

Advantages include quality assurance, issue tracking and change management with 24x7 capabilities when utilizing multiple teams to increase control and limit liability when delivering cost effective solutions. The company's wide area network enabled through a VPN, links the various delivery centers, thereby harnessing unique skills from a variety of locations to provide clients with world-class results. Projects are delivered using CAI's methodologies for application development (Construction Management), support (Managed Maintenance) and application knowledge capture (AKP).

Day-to-day management of each project ensures there are no un-expected results. Utilizing its proprietary tool, Tracer®, metrics and performance data are captured and reported to ensure that project is completed on time, within budget, and at high quality. With Advanced Management Insight (AMI®), potential problems are anticipated and corresponding resolution implemented. Completed and on-going projects are successfully delivered for clients utilizing a full range of technologies, from mainframe to state-of-the-art web development environments. Utilizing client-preferred technologies, CAI-STA connects with client networks to deliver its outsourcing services that result to 25-30% savings. As a partner of a Japanese university, CAI-STA provides on line English tutorial services as part of its outsourcing service offerings.

Technology Focus: Windows, Unix, Mainframe, .Net, Java, Cobol, RPG, VB, C/C++/C#, XML, HTML, DHTML, SQL Server, DB2, IMS DB/UDB, SAP

Industry Domain: manufacturing, telecommunications, insurance, health care, academe, finance, shipping

Services Offered: Application development and support, business process outsourcing and help desk.

- Total Test Interface Solution

EAGLE EXPRESS LINES, INC.

Cargo Village Complex, Bldg. A Corner and NAIA Avenue, Parañaque City, Metro Manila
 Tel: (02) 900-4900 Fax: (02) 852 6821
 Website: www.eaglegroup.com.ph
 Co. Email: amreyes@eaglegroup.com.ph
 Ownership: Filipino
 Established: May 15, 1987

Description of Operation/Process:

EAGLE EXPRESS LINES, INC. was organized and registered with the Securities and Exchange Commission on May 15, 1987, now with principal office located at Cargo Village Complex, Building A, Ninoy Aquino Avenue, Parañaque City, Philippines. Services include Cargo Forwarding, Groupage Cargo Consolidation, Buyer's Cargo Consolidation, Cargo Deconsolidation, Logistics Support Services and Information Technology Support Services.

EDGEWORTH LAGUNA, INC.

Phase D Lot 5 121 east main ave. laguna technopark inc. special economic zone binan laguna
 Tel: (049) 544 1111 Fax: (049) 544 2222
 Website: www.edgeworthcorp.com
 Ownership: Filipino

Description of Operation/Process: Edgeworth Laguna Inc. is the leading supplier for the Philippine Semiconductor and Electronics Industries providing high quality equipment for assembly and packaging, testing, QA/FA, along with direct materials and consumable parts. ELI also provides before and after sales support through training, applications development, warranty and post-warranty service on all product lines throughout the Philippines.

Products/Services Offered:

*ACCRETECH (formerly TSK) – Conventional and Laser Dicing Saw Machines, Wafer Probers, Ultra-thin Wafer Polish Grinders,

High Precision Measuring Equipment, Wafer Wash

*ANRITSU METER – Temperature Measuring Meters and Probes

*ASAHI ENGINEERING – Automold Systems for High-Density Strips, QFNs, BGAs with patented individual clamping mechanism, Reel to Reel automold for Top Center Gate Applications

*ATHLETE FA CORPORATION – BGA Ball Mounters, Flip-chip Systems, TAB Systems

LCD Systems and Custom-made Systems

*DUKSAN HI-METAL – Solder Balls, Micro-solder Balls

*ESPEC – Environmental Chambers

*HITACHI HIGH-TECH – Thickness Gauge, Hazardous Elemental Analyzer

*KOYO – High Temperature Inert Gas Oven, High Temperature Clean Room Oven, Vertical Furnaces (300mm wafer capable), Reflow Ovens, Heat Treatment Industrial Equipment, Heating Equipment for FPDs

*MCT – Strip Test Handling Solutions

*MANUFACTURING INTEGRATION TECHNOLOGY – Laser Marking Handlers, Wafer Die Sorter, SmartFlex Tray to Tray to T&R handlers, Solar Manufacturing Solutions, *MOUNTAINGATE ENGINEERING INC – Steam Age Chamber

*NGK – CO2 Bubbblers, Anti-static Systems

*NISENE TECHNOLOGY GROUP – Acid Decapsulator, Multi-Etch Systems

*NORITAKE – Coolants, Cutting and Grinding Wheels, Abrasive Cloth and Papers, Polishing Tools

*PENTAGON TECHNOLOGIES – Process Chamber Services, Shield Systems, Surface Particle Detectors, Fan Filter Units

*REDRING SOLDER – Solder Products and Flux

*ROFIN SINAR LASER GMBH – Laser Systems for Marking, Deflashing, Welding, Cutting, and Solar Applications

*TAIYO INDUSTRIAL CO., LTD. – Bare Board Testers, Visual Inspection Systems

*TTVISION TECHNOLOGIES – Vision Inspection Systems (In-Line, Stand-Alone & Integrated)

*WAFTECH – Manual, Semi-auto, and Fully-auto Wafer Mounters

*YXLON INTERNATIONAL – X-ray Inspection Systems, High-speed uCT 3D System, Multi Focus Tube: Microfocus, High Power, and Nanofocus

E-KONEK PILIPINAS INC.

U4F Cargohaus Bldg., Brgy Vitalez, NAIA Complex, Paranaque City
 Tel: (632) 88798310
 Website: www.ekonek.com
 Ownership: Filipino
 Established: 2002

Description of Operation/Process: e-Konek is the largest Value-Added Service Provider for e-Governance services in the Philippines. We empower people by equipping them with easy access to efficient trade and logistics-related electronic services, thereby helping the country become more competitive in the trade and investments industry in the process.

Services Offered: Software Application, IT Consulting, Systems Implementation, and Integration, E-Learning.

ELECTRO-SYSTEMS INDUSTRIES CORP.

Head Office: G/F ENZO Building, 399 Sen. Gil J. Puyat Avenue, Makati City
 Eng'g. Office: #12 Jupiter St., Bel-Air, Makati City
 Tel: (632) 897-8888 Fax: (632) 895-2677
 Website: www.electro-systems.net
 Co. Email: sales@electro-systems.net
 Ownership: Filipino
 Established: 1972

Description of Operation/Process: Integrated Facilities Management Systems

Specific Products: TAC Schneider Electric, Automated Logic, Telefire, Dallmeter, MC, PELCO, ACTI, CLIPSAL, ICSI, LS Cable, BOSE, ATEIS, Christie, Firepro and Solara.

Services Offered: Building Management System, Fire Detection, Alarm System, Security, Data Freeway, System, Professional Audio & Video, Control room Solution, fire Suppression, Induction Lighting & Image Production Technology.

ELEMATEC PHILIPPINES, INC.

Unit 5 Orient Goldcrest Bldg 5 East Main Loop Lot 3281K Phase 6A LTI-SEZ Loma Bifan, Laguna
 Tel: +63-(0)2-8817-7552

Website: <https://www.elematec.com/en/>

Ownership: Corporation

Established (in the Philippines): 1998

Description of Operation/Process: Elematec Philippines, Inc. a provider of an integrated service such as trading items used in all stages of the manufacturing process, with the industry leading global network of suppliers (with over 70 bases across the globe) and providing high credit worthiness through a sound financial structure.

Specific Products:

- Raw materials
- Chemicals (DG or Non-DG chemicals, Reagents, Coating, Cleaner, Adhesive, Grease, Solder, Flux, Photoresist, Plating Chemicals, Anti-Rust, Etc.)
- Direct Materials
- Indirect Materials (Clean room items, Consumables, Tapes, Specialty Tapes, Etc.)
- Spare Parts (Pneumatics, Ionizer, Etc.)
- Equipment Maintenance consumables (Purging compound, Mold Cleaner, Grease, Etc.)

Services offered:

- Warehousing (incorporated in the purchase of the products)
- Sourcing and Procurement service
- Vendor Managed Inventory

Certifications: ISO 9001, ISO 14001 PDEA & PNP Permits

ELECTRONICS INDUSTRIES ASSOCIATION OF THE PHILIPPINES, INCORPORATED (EIAPI)

Unit 10, Ground Floor, Tbi Bldg., Asti Compound, C.P. Garcia Avenue, Diliman, Quezon City
 Tel: 02 584 2011 / 02 861 7565
 Fax: 02 584 2011

Website: www.eiapi.org.ph

Ownership: Filipino

Established: 1986

Description of Operation/Process: EIAPI is a Filipino company that has a facility named Electronics Product Development Center (EPDC), that provides design, prototyping and testing of printed circuit boards (PCB). It is also their mission to provide manufacturing support for university research programs and offer design & manufacturing expertise to small & medium sized companies.

ELITECLEAN, INCORPORATION

Building 12A, Berthaphil 1 Compound, Jose Abad Santos Avenue, Clark Freeport Zone, Pampanga 2009
 Tel: (63-45) 499-4999 Fax: (63-45) 499-4666

Ownership: Singaporean
Established: 2010
Steven Neo, President
finance1@elitecleaninc.com
Dave Tan, Operation Director
louie.punio@elitecleaninc.com

Description of Operation/Process: Providing Cleanroom apparels and provider of highquality products and excellent service to their valued customer.

Specific Products: providing ESD products/ESD Apparels; Cleanroom materials and accessories; design and built cleanroom facility;all kinds and types of uniforms

ELMS INDUSTRIAL (PHILS.) CO., INC.

Block 1 Lot 6, Calamba Premiere International Park, Brgy. Batino, Calamba City, Laguna
Tel: (63-49) 502-6610 Fax: (63-49) 502-6645
Website: www.elms.com
Co. Email: elms@elms.com/ elms@elms.com.sg
Ownership: Singaporean
Established: 1994

Services Offered: Recycling and material management company specializing in the treatment, handling, processing, recycling and refining of a wide range of electronics scrap, used components, production rejects and recyclables. We provide comprehensive, reliable, effective and environmentally responsible solutions to companies generating all forms of electronics scrap, waste and rejects. We are an ISO 9001 and ISO 14001 certified company. We provide destruction services for sensitive devices and products if required

Certification(s): ISO 9001, ISO 14001

EPSON PHILIPPINES CORPORATION (EPC)

8th Flr. Anson Centre Bldg., 23 ADB AVE, Ortigas Center, Pasig City
Tel: (02) 87062609 Fax: (02)87062665
Website: www.epson.com.ph
Ownership: Japanese

Description of Operation/Process: EPC is primarily engaged to carry on general commercial activities of importing, marketing and selling at wholesale, all kinds of Epson products, such as, but not limited to computers, printers, scanners, projectors, digital cameras, mini-printers and electronics components, as well as providing the technical repair service on these Epson products.

Products: Epson Desktop printers, B2B products i.e. RIPS, LIJ, Projectors, LFP, etc

EXPERTLINE VENTURES CORPORATION

Suite 3101-C East Tower, PSEC, Exchange Road, Ortigas Center, Pasig City 1605 Philippines
Tel: (632) 470-2050 to 52
Fax: (632) 470-2053
Co. Email: sales@expertline.com.ph
Ownership: Filipino
Established: August 21, 1987

Description of Operation/Process: Distributor, Technical Support and After Sales Service for Compressed Air Filter and Compressor Systems, Process and Liquid Filtration Products, Bag Filter Systems, Industrial Hydraulics Filters, Purifiers and Particle Counters, and Flow, Pressure, Vacuum and Level Measurement.

Specific Products: (Distribution of)

A. Airfilter Engineering (AFE) – High Efficiency Compressed Air and Gas Microfilters, Coalescers and Drains, Refrigeration, Adsorption and Regenerative Dryers, Aftercoolers, Oil/Water Separator and Dewpoint Monitors.

B. Entegris Corporation – Mykrolis Process Filters and Purifiers, Chemical Dispense Systems, Sensing (i.e. Conductivity Meter) and Control, Fluid Handling Components, Gas Filters and Purifiers, Gas Purification Cabinets, HVAC Chemical Filters, Laboratory Disk Filters.

C. Kajika Corporation – Bag Filter Systems for Liquid Filtration, Filter Cloth, Filter Press Cloth replacement, HVAC Filters, Dust Collectors.

D. Hydac – Filters for hydraulic/lubrication Fluid Technology, Dewatering Equipment, Monitoring and Control Units for Hydraulic and Pneumatics, Measuring and Display Units, Accumulators, Dampers, Coolers, Valves, Silencer, and Mounting Equipment for Hydraulics Systems

E. Brooks Instruments – Thermal Mass Floc Controllers and Meters, Variable Area Flow Meter, Pressure and Vacuum Products, Direct Liquid Injection System, Ultrasonic Liquid Flow Controller, Liquid Mass Flow Controller, Continuous and Point Level Measurement and Oval Gear Meters.

EXPONENT CONTROLS AND ELECTRICAL CORP.

Unit 202 Ortigas Royale Cond., Ortigas Ave., Brgy. San Juan, Cainta Rizal
Tel: (02) 656-5538, 213-9253, 369-1815
Fax: (02) 656-5538
Website: www.exponentcontrols.com.ph
Co. Email: sales@exponentcontrols.com.ph
Ownership: Filipino
Established: 2000

Description of Operation/Process:

Industrial Automation, Control Systems Integration and Electrical Works.

Distributor: OMRON, SIEMENS & ADVANTECH

Services Offered:

- Control Systems Design and Consultancy
- PLC Automation
- SCADA / HMI / CMMS Configuration
- Control Panel Design and Wiring
- On Site Installation, Commissioning and Startup
- Preventive Maintenance Services
- Telemetry Services
- 24/7 Technical Support

FASTLINK HANDLERS & BROKERAGE CORP.

Unit 10A, Building 2, Salem International Commercial Complex, Domestic Road, Pasay City, 1300 Metro Manila
Tel: (632) 7893900/ 1800104633339 / 9882335 Mktg.
Fax: (632) 8545511
Ownership: Filipino
Website: https://fastlinkhandlers.com
Services Offered: Logistics

FEDERAL EXPRESS CORPORATION

3/F Cargohaus Bldg, Naia Complex, Parañaque 1700
Tel: (632) 789 3900
Fax: (632) 854-5511
Website: www.fedex.com
Ownership: American

Description of Operation/Process: Fedex provides fast and reliable delivery to every U.S address and to more than 220 countries and territories around the world.

Services Offered: Transport/ Logistics- Packaging and Shipping Products

FEINMETALL SINGAPORE PTE LTD.

35 Marsiling Industrial Estate Rd. 3 #03-03
739257 Singapore
Tel: (+65) 3152 9103
Fax: (+65) 3152 9108
Website: http://www.feinmetall.com/
Co. Email: sales@sg.feinmetall.com
Ownership: German
Established: 2007

Description of Operation/Process: Lightning speed development is a major challenge for all companies that are active in this field. Feinmetall, is at the technological cutting edge of wafer contacts. The vertical probe cards sold under the VIProbe© brand are among the leading products on the market. This success can be attributed to highly specialized development and engineering teams that make the apparently impossible, possible.

Services Offered: FEINMETALL offers a wide range of contact probe varieties and makes it possible to have the optimal fit for each specific contact-making task. FEINMETALL also offers applied contact Solutions, from standard interface blocks up to

customized test heads, from fine pitch up to high current applications.

Certification(s): ISO 9001:2008, Singapore Quality Class & bizSAFE

FIRST GEN CORPORATION

6/F Rockwell Business Center Tower 3, Ortigas Avenue, Pasig City
Tel: (632) 449-6129/6281
Fax: (632) 997-5624
Co. Email: vbsantos@firstgen.com.ph
Ownership: Filipino
Established: 1991

Description of Operation/Process: Carry on the general business of generating energy derived from, geothermal, hydro, wind, and solar power for lighting and electricity purposes and selling the electric power to any distribution utilities, electric cooperatives and contestable customers.

Certification(s): ISO 9001, ISO 14001, OHSAS 18001, ISO 9001:2015

FIT IN TEST AND BURN-IN, INC.

(Formerly – Fit In Trade and Services, Inc.)
3280 Bansalangin Street, United Parañaque 2, Parañaque City
Mobile: 0917.538.9366
Co. Email:sales@fit-in.net
Ownership: Filipino
Established: 2011

Description of Operation/Process: Trading and Services: - Exclusive Sales and Service for Yokogawa Test Handlers and spare parts; EDA Industries for Burn-in Systems, repair and upgrading of Ovens and B ; Sales of Sockets, connectors, Design and Fabrication of PCB, Precision Parts & Jigs and Fixture

Specific Products: TESEC PRODUCTS

(www.tesec.co.jp)

• Discrete Device Test System Testers • Single Function Testers • Dynamic Test System Testers • IPD/IPM Test System Testers • Internal Gate Resistance Testers • Gate Charge Testers • IC Test Handlers (MAP and STRIP) • Tab Handler • IC Test Handlers (Tri Temp) • Power Device Discrete Test Handler • IC Test Handlers (Pick & Place) • Small Signal Device Discrete Test Handle • Middle Power Device Discrete Test Handler • IC Tag Handler

ABREL PRODUCTS(www.abrel.com) • Burn in Boards, • Hast Boards, • HTOL and HAST Testing, • BIBTEST 55 XL, • Burn in Board Test System, • Test Probes, • BIB Loader and Unloader, • Endzone Mobile, • Portable Driver Board System, • End Zone Burn in System, • High Temperature Burn in

Services Offered: • Tesec Support Team, • Handler Maintenance, • Handler Repair, • Handler Modification, • Abrel Support Team, • Burn in Board Repair, • Burn in Board Maintenance, • Gold Finger Replacement, • Socket Extraction, • Socket Installation, • Socket Repair, • Replace of Components, • Burn in Oven Upgrade, • Burn in Oven Maintenance, • PCB Fabrication, • PCB Design, • PCB Reverse Engineering • Metal Fabrication, • Special Project

FUTURE ELECTRONICS (PHILIPPINES), INC.

7th Floor Tower 2, Insular Life Corporate Center Commerce Ave., Filinvest, Alabang, Muntinlupa City
Tel: (632) 550-3500
Fax: (632) 550-3555
Website: www.futureelectronics.com
Ownership: Filipino/Canadian
Established: 1997

Description of Operation/Process: Global distributor of electronic components & supply chain solution provider and technical solution provider.

Specific Products: Distributor of more than 500 franchise lines like Avago, freescale, International Rectifier Lumileds, Microchip, Micrel, NXP, STM, TYCO, Exar, Vishay, Littelfuse, Fairchild, ON Semi, Samsung, etc.

Services Offered: Supply Chain Mgt Solutions services like BIM (Bonded Inventory Management)

G-12 PRIME SOURCE INC.

People's Technology Complex - Special Economic Zone, Onda Compound, Carmona, Cavite City
Tel/Fax: (046) 443 5523
Website: www.g-12primesource.com
Co. Email: rm.babijesG-12primesource.com
Ownership: Filipino
Established: 2017

Description of Operation/Process: G-12 Prime Source Inc. is engaged in the trading and manufacturing of semiconductor and electronic components and supplied packing materials. It's facility is located in People's Technology Complex - Special Economic Zone, Carmona Cavite.

Specific Product: Clean Room Materials, Packaging and Shipping Products (Carrier Technology, Shipping Trays, Tapes, Reels, Embossed Plastic, End Plug)

GENNEX SOLUTIONS PHILS., INC.

Unit 2 &3, Ground Floor, Correal Property Building, #14 Lotus St., T.S. Cruz Subdivision, Alamanza Dos, Las Piñas City
Tel: (632) 850-6182/83 842-7141 (HR) Fax: (632) 850-6184
Website: www.gennexcorp.com
Co. Email: info@gennexcorp.com
Ownership: Filipino
Established: 2000

Description of Operation/Process: Distributor of Electronic Components & Semiconductor Materials

Electronic Components Distribution: Active, Passive, Electromechanical components, Fasteners and PCB Hardware for the EMS/OEM industries.

Semiconductor Materials, Equipments, Test & Consumables: Direct & Indirect consumables for the chip packaging house and Specialty Equipment for Semiconductor industries.

Specific Products:

Passive Line: Kemet, Johanson, Singapore Chemicon, Stockpole, Steward.

Mechanical: Laird Technologies Insulators, Thermal Pads, Antenna, EMI Shielding, Fasteners, Washers, Standoffs, Canon Label Printer, Panduit, Hellermann Tyton and Nylon PCB Hardware

Electromechanical Line: 3M Interconnect, Omron, Tyco Electronics, Laird Technologies

Active Line: Infineon, Osram, Richtek, Taiwan Semiconductor, MPS (Monolithic Power Systems)

PCB: Quick-turn

Semicon:

Wafers: Silicon "Mirror" Dummy wafers, Aluminized Wafers, Patterned Wafers, Custom Wafers, Engineering Test wafers, 5" 6", 8" and 12"

Wafer Frames/ Carrier: Mounter Wafer Carriers/Cassettes

Uhwa Blades/Wheel: Dicing blades, Back Grinding Wheels, Resinoid Hubless Blades

Buehler Consumables: Wafering Blades, Abrasive Papers, Grinding Discs & Lapping Films, Castable Mounting Compounds, Final Polishing Suspensions, Polishing Cloths

Buehler Equipment: **Sectioning** (Isomet, Abrasimet, Delta, Petrothin), **Mounting** (Simplimet, Cast N' Vac),

Grinding & Polishing (Metaserv, Ecomet), **Imaging & Analysis** (Omnimet)

Wilson Hardness Tester: Rockwell, Tukon, Wilson Vickers and Brinell hardness Testers

Rikadenshi: Test Sockets and contactors, contact probes/pogo pins

Test/Reliability Boards: Burn-in Boards, Test During Bur-in (TDBI), Boards, Life test Boards, HAST Boards, Humidity Test Boards, Systems Driver Boards, Burn-in Board Backplanes, Adaptor Boards, Mounting Boards

Test Spare Parts: Siemens, Omron, Smiths Connectors, Relays, Pogo Pins, Cable Assembly, Fasteners and Screws

Equipment: Burn In Oven System, Burn In Board Loader & Unloader, Burn In Board Tester, Socket Removal & Desoldering System, Peel Strength

Analyzer (TP-150), Manual Taping Machine, Carrier Tape Maker, ESD Instruments

ESD Consumables: Cleanroom Wiper

Power Supply: TDK Lambda and Magna

Other Equipment: T2 Environmental Monitoring, Microscan,

GLOBAL CIRCUIT SOURCING SOLUTIONS, INC. – (GCSS, Inc.)

2/F, L. Abacast Travel Building, Bacao Diversion Road, Brgy. Bacao, General Trias, Cavite
Tel: (63-46) 437-1547 / 1-408-2132289
Website: www.gcssglobalcircuits.com
Ownership: Filipino
Established: 2003

Description of Operation/Process: A trading company; your alliance for sourcing your Printed Circuit Board requirements off-shore.

Specific Product: Printed Circuit Boards Sourcing

GLOBALTECH AUTOMATION, INC.

3rd Floor Unit 3B, VFP-MDC Building 2, Veterans Industrial Compound, Taguig City
Tel: (632) 839-0538/838-2282
Fax: (632) 821-2178
Website: www.globaltechphil.com
Co. Email: marketing@globaltechphil.com
Ownership: Filipino
Established: August 1993

Description of Operation/Process: Globaltech Automation, Inc. is a local representative of foreign manufacturers engages in the Semiconductor, SMT, Test Assembly and Solar Industry, Consumer and Non-Consumer Electronics. Our Company caters to sell and provide the best available quality and cost effective machineries, systems, instruments, tooling, auxiliary/direct parts and consumable items, turnkey projects and the best after sales and service support to clients. We are managed by technically experienced Sales and Service Personnel with combined years of experience enough to meet the standards and challenges of our Customers and Principals as well.

Specific Products: (Distributed)

- SCREEN PRINTERS, SOLDER BALL ATTACHEDSYSTEMS, STENCIL SELECTIVE PRINTING, WAFER SUBSTRATE BUMPING (Local Agent of BTU International)
- SEALING FURNACE, REFLOW OVENS, HEAT-UP, WAFER AUTO LOADERS, CURE CONVEYOR OVENS (AOI) (Local Agent of Cyberoptics)
- CHIP MOUNTERS, IC MOUNTS (Local Agent of Fuji Phils.)

- Selective Soldering System (Local Agent of ACE PROTECH)

- Auto Wave Soldering Machine (Local Agent of Connexion)

- High-Speed Turret Test & Inspection System (Local Agent of FAS Technology Solution SDN. BHD)

- Wafer Sorter, Track System (Coat-Developer Scrubber), Cluster System, alloy System, Microscope Leader (Local Agent of C&D Semiconductor)

- Resistance Welding, Laser Welding, Laser Marker, Reflow Soldering, Hot Bar Bonding, Projection Welding Seam Sealing, Robotic Dispenser, Wire Pull Tester (Local Agent of Miyachi Unitek)

- Robotic Selective Soldering, Paste Mixer (Local Agent of Japan Unix)

- BGA Rework Station, Bench top X-Ray Machines (Local Agent of MS Engineering)

- Curing Ovens, Environmental Chambers, Ultrasonic Cleaners and other Laboratory Tools (Local Agent of MRC)

- SEMI / AUTOMATIC In-Line PCB Router, Inkjet Marking System & Board Handler System (Local Agent of GETECH AUTOMATION PTE. LTD.)

- Transport Systems, Automation, Handlers (Local Agent of Seil)

- Wafer Inspection Machine, Slurry & Diamond Wire Saw Machine (Local Agent of Yasunaga)

- Standard and Customized Cleaner (Local Agent of Crest Ultrasonics)

- Video Microscope (Local Agent of SONY PRECISION ENG'G CENTER)

- X-RAY (Local Agent of Focal Spot)

- TEST HANDLERS (Local Agent of XU FENG TECHNOLOGY)

- HELIUM LEAK DETECTOR (Local Agent of Inficon)

- ThermoStream Systems, ThermoSpot Systems, ThermoChuck Systems (Local Agent of Temptronic)

- Solderstar Temperature Profiler (Local Agent of Solderstar)

- Environmental Chambers (Local Agent of ALP Technology (T&M) Ltd.)

- Soldering Materials, Solder Paste, Solder Paste Cleaner (Local Agent of Inventec)

GLOBE TELECOM, INC.

The Globe Tower, 32nd Street cor. 7th Ave., Bonifacio Global City, Taguig, Philippines 1634

Ownership: Filipino
Established: 2005

Description of Operation/Process: Marketing & Sales, Warehousing & Logistics – Storage & Trucking, Planning & Inventory Control, Customer Service, Technical Service, Sourcing & Supply Chain Management

Specific Products:

- **Manufactured:** - Cold Storage Systems and Walk-In Freezers - custom made freezers for variety of application (food, pharmaceutical, semiconductor & electronics, industrial, etc.),

- **Racking System & Stack-able Pallet Tower**

- **Distributed:** - Materials – **HENKEL** Epoxy Molding Compounds, Mold Release and Cleaning Compounds, Adhesives, **SOLEPOXY** Opto Molding

Compound and Coating Powder. **Tools & Equipment** – **SAINT GOBAIN** Norton Abrasives, **VAI** Pogo pins/ Contact fingers/ Magic eraser, **AKO-TEK** Pick-up tools, **NDC** Pre-heater's and Mold tools, **EBERTS** reflow oven and others.

Services Offered: Warehousing-Cold & Dry, **Trucking**- Refrigerated & Non-Refrigerated Van, **Technical Service, Customer Service, Sourcing** and **Supply Chain Management**.

GREENFLOOR INNOVATIONS CORPORATION

Unit 19-A, 100 M. Concepcion Ave., Brgy. Buting Pasig City, Metro Manila 1600
Tel: (632) 8631-8808

Website: www.greenfloorinnovations.ph
Co. Email: info@greenfloorinnovations.ph
Ownership: Filipino
Established: 2013

Description of Operation: Greenfloor Innovations Corporation is a leading provider of state-of-the-art electrostatic discharge floor systems and highly corrosive concentrated chemicals used throughout different phases of the semiconductor and microelectric manufacturing process. Our comprehensive range of offerings extends beyond floors, encompassing complementary solutions for walls, drainage, and roofs. With our expertise and cutting-edge products, we ensure the utmost precision, reliability, and efficiency in meeting the unique needs of the industry.

Specific Products:

- Chemical Resistant Coating (CRC)
- Electrostatic Discharge (ESD) Floor System
- Epoxy Floor System
- Fiber Reinforced Panel (FRP)
- Metal Roof Waterproofing
- Polyurethane Cement Floor System
- Stainless Steel Drainage System

Services Offered:

- Supply of Products
- Supply & Installation of Products
- Consultation

Certification: HACCP Compliant, ANSI S20.20, NFPA 77

GRM INTERNATIONAL, INC.

Established: 1984

Description of Operation/Process: Sinofil Philippines, Inc. was established in 1984.

The Company acquired its registration with the Securities and Exchange Commission (SEC) on March 5, 1984 and is currently recognized as one of the top distributors of filtration products, industrial equipment and gadgets to various trades in the country.

The Company started its operations as an import-export business and, with its growing capacity, eventually became the Exclusive Distributor of PPG Fiberglass (Raw Materials). Later on, SINOFIL PHILIPPINES, INC. was chosen as the Exclusive Distributor of PK UPS (Uninterruptible Power Supply) for computers and, in 1989, also became the Exclusive Distributor of MEMTEC LTD, manufacturer of FILTERITE products based in the USA.

With the combined expertise and dedication of its Sales Engineers, Sinofil was able to develop and expand the market, all the while increasing the sales of top brand filtration products in the Philippines. It was also able to transfer technology on filtration to its many industrial clients. Our company is committed to steadfast and continuous support to its widening clientele by way of product training, familiarization seminars, laboratory analysis and other technical support.

Sinofil has build its reputation through its sufficient inventory and on-time delivery. The company provides free consultation and estimates on filtration, cleanroom laboratory and HEPA filtration for existing as well as new and on-stream projects. Remember, Sinofil is just a phone call away.

Ninoy Aquino Avenue, Pasay City

Tel: (632) 551-5632

Fax: (632) 551-7411

Website: www.tnt.com

Ownership: Dutch

Established: 1946

Description of Operation/Process: TNT Express is one of the world's leading express service providers with presence in over 200 countries and a network of 2,653 depots, hubs and sorting centers. Headquartered in the Netherlands, TNT offers efficient network infrastructures in Europe and Asia, supported by sophisticated technology that provides customers with service reliability, automated proof of delivery and on-line, real-time information on the status of their consignments. In the Philippines since 1982, TNT Express occupies a 4,300 sqm prime cargo centre adjacent to the Ninoy Aquino International Airport, has more than 90 vehicles and at least 115 flights per week. With offices in Makati and Pasig and depots in Cebu and Pampanga, TNT relies on its 300-strong manpower to deliver exceptional service with a Sure We Can attitude. It has remained true to its vision of service excellence by being accredited in: ISO 9001:2008 (Quality Management System), ISO 14001:2004 (Environmental Management System), OHSAS 18001:2007 (Occupational Health and Safety Management System), Investors in People (IiP) and SA8000: (Social Accountability).

Services Offered:

- Time-Definite Services: Guaranteed express delivery by 9:00 am, 10:00am and 12:00 noon on the next or earliest possible business day in major cities in the country and worldwide.

- Sameday Services - for urgent shipments, dedicated delivery to key locations and business centers in the country and worldwide

- Day-Definite Services: Express - Delivery before close of business on the next or earliest possible business day throughout the world.

- Economy Express - Cost effective, day-definite delivery to destinations worldwide.

- Special Services: Special Express - a tailor-made express solution offering special pick-up and delivery at times specified by the customer.

- Air and Road Freight Services - flexible alternative for large, heavy and unusual shipments with no restrictions on size and weight

- Special Handling Services - Delivery of shipments that require the 'extra' special attention e.g. dry ice packed goods or dangerous goods

- Other Industry-specific and Value-added Services such as Storapart and Distribution Services

Ownership: Filipino Established: 1990

Description of Operation/Process: Moving Forward, Going Upward.A full-pledged Filipino company established in 1990 specialized in the semiconductor and electronics components and technology-based services. For 26 years now, Wings Technology upholds its commitment to excellence by providing high-quality semiconductor, electronic and industrial products and services supporting the broadcasting, telecommunications, food, bottling, petrochemicals, shipping, and aeronautics and construction industries locally and internationally. With 10,000 line items in stock, partnerships and authorized distributorship with renowned brands in the semiconductor manufacturing and electronics industry and an extensive network of local and international suppliers, WingsTech has established a trademark as the source of especially hard to find and obsolete products and components, making it one of the most reliable rare component providers in the Philippines. Wings Technology constantly develops comprehensive ideas and solutions to cope along with the fast paced advancement of the modern day technology. WingsTech has a persistent procurement centre for the quest of even the most common to the most critical electronic components, WingsTech products includes active and passive components, semiconductor parts, tower lights, printed circuit boards, development kits, hand held tools, testers and its own brand line of network equipment, Dataconn., offering cost-effective network connection solutions that is superior in quality and provides optimum connectivity. Apart from a broad range of semiconductor and electronic products, WingsTech offers services such as printed circuit board repairs, product fabrication, customization, full-turnkey projects, cable assemblies and other technical services. From the simplest to the most complicated projects, WingsTech gets the job done. Every project undergoes a rigorous process to ensure only the best quality will make it to the clients. WingsTech translates its brand into competitively priced products that are superior in quality and with outstanding functionality. WingsTech embeds its values in its business practices and regard customer satisfaction as the core of our business principles. WingsTech promotes the value of excellence, through continuous upgrading of employees' potential by engaging in lifelong learning equally important as providing innovative solutions and developments with long term benefits to its local and international clientele, while continuously upholding the Filipino pride to the global market.

Specific Products:Electronic Components (semiconductors, passive components, cable and interconnects, Test and measuring equipments) Integrated Circuits, capacitors, crystal Oscillator, cables and connectors, diodes, fuses, relays, resistors, transistors, tower lights, rework stations test sockets, printed Circuit Board.

- Network Cables (Cat5e, Cat6, Cat7)
- Power Cords (Standard and Customized)
- Multimedia Cables (USB, VGA, HDMI)
- Fiber Optic Cables
- Structured Cabling Equipments (Switches, Patch Panels)
- Hand Tools (Pliers, Ratchets, Screw Drivers, Tweezers)
- Consumer Electronics (Power Banks, Computer/Mobile Phone Accessories)
- Power Adaptors/Chargers

Description of Operation/ Process: The University of Santo Tomas is one of the top four universities in the Philippines and is consistently ranked among the top 1000 universities in the whole world. UST is both timeless, owing to its more than four hundred years of quality Catholic education, and timely, as it continuously responds to the needs of the present. While the University of Santo Tomas holds the distinction of being Asia's oldest existing university, its age is coupled with its preeminence in Philippine education. Not only does it boast of several firsts in the different realms of education. It also has administrators and faculty members who are holding leadership positions in the Philippines' policy-making bodies (e.g. Commission on Higher Education) and professional organizations, helping influence policies for the betterment of the society in general.
